## IS CANNON TO BE DEPOSED BY HOUSE TODAY?

Resolution Of Insurgents Takes Definite Form,  
And Democrats Aid Them.

## CLARK MAY BE THE NEW SPEAKER

Regular Republicans And Democrats Ready To Unite  
'To Defeat Any Insurgent Candidate  
For The Office.

(BY ASSOCIATED PRESS.)  
Washington, D. C., March 18.—The House resumed its session this morning at 10 o'clock, after a recess of 12 hours. The insurgents introduced a resolution to depose Speaker Cannon and to elect Champ Clark as speaker. The resolution was passed by a vote of 161 to 151. The House then adjourned until 2 o'clock.

From one of the most intimate friends of the speaker, the statement is made that if the House resolution is passed, Speaker Cannon would resign and the regulars would elect Champ Clark as speaker, rather than side in with the insurgents for the selection of one of their own choosing. This action was suggested at 7:30 this morning by Olmstead, republican.

From one of their democratic allies came the startling report at 11 o'clock that the insurgent republicans were

considering whether it was in their power to depose Speaker Cannon and to elect Champ Clark as speaker. The resolution was passed by a vote of 161 to 151. The House then adjourned until 2 o'clock.

Talk Champ Clark.  
The election of the minority leader, Champ Clark as speaker, is seriously considered by some of the regular republicans. They say they would follow a democrat in preference to a republican who does the majority of his party. This course would be contingent upon the defeat of the organization in the present crisis.

The House has remained in session continuously. At the time there were lively incidents but for most part the proceedings were extremely dull.

It seemed all were waiting for the outcome of the conference between the committee insurgents and regulars.

It was stated that the regulars had

## VANNUTELLI TO VISIT AMERICA

Distinguished Cardinal Will Go Papal  
Representative At Montreal  
Eucharistic Congress.  
(SPECIAL TO THE GAZETTE.)

Rome, March 18.—Cardinal Vincenzo Vannutelli, who is one of the most distinguished members of the Sacred College, is anticipated with much pleasure his visit to America next summer. The cardinal will not only be a papal representative at the Montreal Eucharistic Congress in September, but will be invested with the faculties of Legatus a latere, which term means that he will have the right of receiving the same honors as the Pope himself. It is understood here that arrangements for his reception have already been made in America. Though now in his seventieth year the cardinal expects to take advantage of the opportunity to travel extensively over the whole of Canada and a large part of the United States. He will visit Port Grey at Ottawa and also pay his respects to the President in Washington.

Legislative Examination Members of  
Stephenson Campaign Refuse  
To Reach Decision.  
(BY ASSOCIATED PRESS.)

Madison, Wis., March 18.—The assembly members of the joint special committee appointed by the last session to investigate the charges preferred against Senator Isaac Stephenson regarding the amount of money spent in his senatorial campaign of 1908, this afternoon behind closed doors at the Park Hotel is struggling with the report.

The plan, it is said, was to file a report today with Governor Davidson but the premature publication of that fact in a Milwaukee morning newspaper is said to have caused a rumormongering.

What little information leaked out today indicates that Assemblyman Bray of Oshkosh is the one member who is not ready to sign the report.

Present at this afternoon's star chamber session were Assemblymen Bray of Oshkosh, Hambrecht of Grand Rapids, Chappel of Ashland, and Whitteman of Highland.

## DR. HARVEY WILEY THE CHIEF SPEAKER

At Minnesota Conservation Congress  
Today—Agriculture and Indus-  
trial Education Topics.  
(SPECIAL TO THE GAZETTE.)

St. Paul, Minn., March 18.—"Agriculture and Industrial Education" was the general topic of discussion at this morning's session of the Minnesota conservation congress. College professors and public school superintendents of Minnesota were the speakers.

The program for the afternoon session provided for a symposium discussion on the subjects of pure food, public health and sanitation. Dr. Harvey W. Wiley, chief of the bureau of chemistry of the department of agriculture, was the chief speaker. He took as his subject, "Pure Food in Its Relation to Public Health and Conservation." Other speakers heard at the afternoon session were Dr. John E. Fulton, president of the Associated Charities of New York City, and Dr. E. P. Westbrock, dean of the college of medicine of the University of Minnesota.

## PLAN TO STAMP OUT DISEASE IN BELOIT

Health Board Announces Drastic  
Measures Will Be Taken, If  
Necessary, to Fight Scar-  
let Fever.  
(SPECIAL TO THE GAZETTE.)

Beloit, March 18.—The board of health has decided that unless scarlet fever abates in the city after the spring vacation of the public schools most drastic measures shall be taken in the way of quarantine, which will include the stopping of this city car line for two weeks.

George Dixon, a brakeman on the North-Western line who was hurt at Caladonia a few days ago and brought to this city, was found to have had among other injuries a rupture of the stomach and would have died in a few hours had there not been an operation in which the surgeons closed the opening. Dixon's home is at La Crosse, Wis. He is doing well today.

The St. Patrick's Day celebration given by the young folks of St. Jude's Catholic church in the opera house last night was an event of great interest and yielded a good sum to the building fund of the new church. There was a bright program of music, songs and dances and a stirring address by Rev. Father John Riley, J. S. of Chicago. Father Riley spoke of the duty of the youth of the country to the obedience of their parents and for more of the homelike sweetness of old-fashioned Irish people.

## POLITICS IN OHIO ARE BADLY MIXED

No Certainty That Successor Of U. S.  
Senator Dick Will Be A Republi-  
can—Primaries Two Months  
Hence.  
(SPECIAL TO THE GAZETTE.)

Columbus, O., March 18.—Two months hence the Republican voters of Ohio will take part in a general primary to decide the question of a successor to United States Senator Dick, whose term will expire next March. The primary will not be legally binding upon Republican legislators, but morally it will hold them to the carrying out of the verdict of the people, according to political view.

Not in a decade or more have the Republicans of the Buckeye State appeared to be so completely "in the air" as they are at present. With the senatorial contest soon to be decided and the gubernatorial election but a year distant, it may be said that no yet anything has been decided in regard to candidates or campaign issues. The Democrats, on the other hand, are ready for the battle to begin. There is to be no contest for the governorship on their side for there will be no opposition to the renomination of Governor Hiram. The senatorship is not bothering them at present. The party leaders believe that if they succeed in capturing the legislature there will be an abundance of good material from which to choose a senator.

The result of the coming legislative elections cannot be forecast now with any degree of certainty. The existing conditions are so badly mixed that the best informed men of both parties do not know what to expect. If the campaign were to be fought out on national issues the Republicans would feel confident of success. But as the liquor question promises to predominate over all other issues the party leaders hesitate to predict the result of the contest.

Senator Dick has announced his candidacy for reelection and appears to be confident of success. Mr. Dick has for twenty years conducted campaigns in Ohio and is thoroughly familiar with every twist and turn of the political game in this State. He has many warm personal friends in every quarter and they are said to feel encouraged over the outlook. There is undoubtedly an element in the Republican party that would prefer the election of ex-Governor Morton H. Herrick or Harry Daugherty both of whom are regarded as candidates for the town to the reelection of Mr. Dick. But as the real winner, and when the proper time arrives it is expected the rival factions among the Republicans will patch up their differences and work together to elect their candidate, who ever he may be.

President Taft is clearly neutral in the senatorial contest. He has so informed his friends here. If his brother, Charles P. Taft, of Cincinnati, were to enter the contest the President naturally would like to see him win. The understanding is general, however, that Mr. Taft will not enter the senatorial fight, but on the other hand, will exert his influence to have the successful candidate elected by legislature, if that body is Republican.

It is interesting that there is at this time no symptoms of a rehabilitation of the political fortunes of former Senator Joseph B. Foraker. After he left Washington a year ago, he returned to his home in Cincinnati, and there is now no prospect he will be called out of his retirement.

## RAILROAD RATES IN THE SOUTHWEST

Subject Of Hearing Before Interstate  
Commerce Commission At  
Kansas City.  
(SPECIAL TO THE GAZETTE.)

Kansas City, Mo., March 18.—Of vital interest to shippers throughout Texas, Colorado, Oklahoma and Kansas, is the case of the Southwestern Shippers' Traffic association against the Santa Fe and other railroads, which came up for hearing here today before the Interstate Commerce Commission. The association, which is composed of prominent shippers in the four states named, is seeking to secure a readjustment of rates from the Atlantic seaboard and also to get a reasonable schedule of rating established from Galveston to points in Oklahoma, Kansas and Colorado, so that in case of a rate war or other disturbance of conditions, shippers might be taken of the water rates from Galveston. The association charges that Chicago, St. Louis and other cities of the middle west, through their trade organizations, are using their influence to prevent the proposed reduction in rates between Galveston and Kansas, Colorado and Oklahoma points.

## PAY TRIBUTE TO JOHN C. CALHOUN

People of South Carolina Commemorate  
128th Anniversary of Great  
Statesman's Birth.  
(SPECIAL TO THE GAZETTE.)

Charleston, S. C., March 18.—The universal regard in which the memory of John C. Calhoun is held was given expression throughout South Carolina today by exercises commemorating the 128th anniversary of the great statesman's birth. Public schools and numerous literary and historical societies observed the anniversary.

Calhoun, whom South Carolina has unhesitatingly chosen as one of her two most famous sons to have their memory perpetuated in the national hall of fame, was born in Abbeville, March 18, 1782. He began his political career as a member of the democratic party, but in the course of his long period of public activity he found himself allied at different times with all the other parties. Like Clay and Webster, his most notable contemporaries, he cherished a life-long ambition to be president of the United States. Though this ambition was never realized, he was elected twice to the vice presidency.

## TAFT WILL CONFER WITH GOV. HUGHES

And Address A Mass-Meeting Of New  
York Anti-Tuberculosis League  
At Albany Tomorrow.  
(SPECIAL TO THE GAZETTE.)

Albany, N. Y., March 18.—President Taft will spend tomorrow in this city, coming ostensibly to address a mass-meeting of the New York State Anti-Tuberculosis League, which is to be held in the afternoon, and to speak at the dinner of the University Club in the evening. In reality, however, it is understood that the chief purpose of the President's visit to Albany at this time is to confer with Governor Hughes and other Republican leaders in regard to the political situation in New York. As the President is to be the guest of Governor Hughes during his visit there will be ample opportunity for the two to confer.

President Taft, together with Senator Root and the influential Republicans from New York in Congress, is standing solidly back of Governor Hughes in the program of "clean house" in New York Republican politics—as against the policy of "rotten washing" Albig—and the reorganization of the party. In the legislature Governor Hughes is in control. The recent choice of a Republican leader in the state senate, in which the Hughes candidate went down to defeat, has made it evident that active and immediate steps must be taken if the Hughes program is to be carried to success. It is expected that the situation will be thoroughly canvassed by the President, in conference tomorrow with Governor Hughes and his chief lieutenants, and a tentative plan for the future agreed upon.

## LEADERS CLAIM "DRY" PETITION WILL WIN OUT

MORE THAN REQUISITE NUMBER  
OF NAMES WILL BE SECURED

RIDICULE LEGAL BARRIER

Temperance Workers Assert That  
Question, "Saloons Or No Saloons  
For Janesville" Will Be Set-  
tled April 5.

There are more than twenty of them out, each has its long list of signers and from all appearances, when the time is ripe to file them with the city clerk, there will be many more than the required 231 names to compel the question of "saloons or no saloons in Janesville" to be put before the voters of this city for settlement.

"There is not a doubt in my mind but what the requisite number of names will be secured and that the question will be brought up in April," said one of the leading temperance workers, this morning. "The petitions have been out since last Monday, every hearer has been working quietly but effectively and I am sure that success will attend their efforts. However, the workers will report tomorrow noon and at that time we will know beyond the shadow of a doubt although we are practically certain now."

Here is A Copy of the "Dry" Petition

To the clerk of the City of Janesville in the county of Rock and State of Wisconsin.

The undersigned qualified electors of said city (which number is equal to or more than ten per cent of the number of votes cast at the last general election in said city for governor) do hereby petition and pray that the electors of said city may have submitted to them, on the first Tuesday in April next, the question whether or not any person shall have license to deal or traffic in any spirituous, malt or intoxicating liquors or drinks as a beverage in said city and that said vote be taken according to the provisions of chapter 66 of the U. S. 1898 and acts amendatory thereof.

Dated, Janesville, March 12, 1910.

These petitions, coming so close on the date set for the election, are believed to be simply for the purpose of securing a test vote for the dry sentiment has been out since last Monday, every hearer has been working quietly but effectively and I am sure that success will attend their efforts. However, the workers will report tomorrow noon and at that time we will know beyond the shadow of a doubt although we are practically certain now."

Although the dry campaign has had an auspicious beginning, it is believed that enough names can be secured in the short time available, to bring the question to a vote. When the agitation was started, representatives of the state anti-saloon league attempted to persuade the ministers' association of this city to handle the campaign but that body, believing that public sentiment had not been aroused sufficiently to warrant the project, declined to act. The members promised however, that should the laymen initiate the movement, they would boost the work with all their power.

Realizing that there was no time like the present to begin on a campaign of this sort, the laymen of the Protestant churches met, asked the aid of the different temperance organizations of the city and circulated the petitions. They were made out last Saturday and started on their journey quickly the following Monday.

Although it has been known for some time that the petitions were being circulated, a little attention was paid to them for the reason that few thought that a serious effort was being made. Thus far the liquor dealers have disregarded them entirely and have made no counter efforts. There is a question of a legal barrier that might prevent the proposition from being brought up this year. It is claimed by some attorneys that the petition should be presented to the common council at least twenty days before the election in order to give legal notices. As the election date is April 5, this is impossible at the present time. The next regular meeting of the common council is slated for March 28 and this fact, according to some, would not give enough time even should a special meeting be called.

Other attorneys who have examined the statutes claim that ten days is all that is necessary and that if the petition with the requisite number of names attached is presented before March 25 the question must be put before the electors.

An examination of that section of the revised statutes covering local option, (Chapter 2, Sec. 1000) in effect May 27, 1909, fails to disclose how the above arguments will hold. The statute is as follows:

Local Option. Petition. Section 1. Whenever a number of the qualified electors of any town, village or city equal to or more than ten per cent of the number of votes cast therein for governor at the last general election shall present to the clerk thereof a petition in writing, signed by them, praying that the electors thereof may have submitted to them the question whether or not any person shall be licensed to deal or traffic in any spirituous, malt or intoxicating liquors or drinks as a beverage, AND SHALL FILE SUCH PETITION WITH THE CLERK AT LEAST TEN DAYS PRIOR TO THE FIRST TUESDAY OF APRIL NEXT SUCCEEDING, such clerk shall forthwith make an order providing that such question shall be submitted on the first Tuesday of April next succeeding the date of such order.

Notice No. 2. The city clerk making such order shall give notice of the election to be held on such question in the manner notice is given of the regular city election; town and village clerks who make such orders shall give such notice by posting

written or printed notices in at least five public places in the town or village not less than ten days before the day of election. . . . The election on such question shall be held and conducted in the manner in which elections in such city town or village on other questions are conducted and the returns thereof canvassed. The result shall be certified by the canvassers immediately upon the determination thereof and be entered upon the records of the town village or city, and shall remain in effect until another election is held for the same purpose.

## ST. PATRICK'S DAY OBSERVED HERE BY ERIN'S LOYAL SONS

"The Wearer of the Green" and Ap-  
propriate Exercises Mark Natal  
Day of Ireland's Patron

Green was the popular color yester-  
day.  
Green ties, green socks, green rib-  
bons, green carnations, bright green  
paper shamrocks and the dull green  
of real sprigs from the "Ould Sod,"  
marked the loyal sons and daugh-  
ters of Erin from the rest of the  
world on the day when every Irish-  
man, no matter what part of the  
world he may be, flaunts his nation-  
al colors, mutely but emphatically im-  
plying that "he's an Irishman and  
proud of it."

But the celebration of St. Patrick's  
Day in this city was not confined to  
the "wearer of the green" or the  
wearing of green postal cards or the  
purchase of green boxes of candy.  
With the rest of the English speaking  
world, Janesville joined in celebrat-  
ing in a fitting manner the natal day  
of that great saint who carried the  
light of Christianity into Ireland.  
Every Irishman wore green, some of  
them, contrary to the usual impres-  
sion, having secured bits of the real  
procell from the local green houses,  
while others had received with-  
drawn in letters from relatives in the  
Emerald Isle. A goodly number of  
those who were present at the cele-  
bration had been attending the  
celebration that had been arrang-  
ed and was held at East Side Old  
Fellow's hall under the auspices of the  
Ancient Order of Hibernians.

Addressed by well known Catholic  
clergymen on the spirit that should be  
shown by all loyal sons of Erin on  
their patron saint's anniversary,  
songs, music and the best of every-  
thing to eat, contributed toward mak-  
ing the celebration one that will long  
be remembered. Much of the success  
of the event was due to the efforts of  
the social committee of the Ladies'  
Auxiliary which had charge of the  
banquet and which was composed of  
Mrs. Lawrence Cronin, Mrs. James  
Shorland, Mrs. Gillipie, Mrs. Charles  
Nelson and Mrs. Schiwenen.

Following the banquet, an interest-  
ing program, arranged by a commit-  
tee consisting of Thomas Heffernan,  
William Mulligan, James Cassidy and  
William Mulligan, James Cassidy and  
dresses were all interesting and  
brought out many pertinent facts re-  
garding the life and works of Erin's  
patron saint and the proper ob-  
servance of his anniversary. The remainder  
of the program, consisting of music,  
recitations and songs, met with hearty  
applause. "Erin Go Bragh," the  
watchword of all Irishmen, was ex-  
pressed in every manner. Following  
was the program given:

Musical ..... Mrs. Casoy  
Address ..... Dean Eugene E. Holly  
Song ..... Miss Florence McKenna  
Recitation ..... Miss Marie Nelson  
Musical ..... Miss Mary Shorland  
Song ..... Mrs. Callan  
Recitation ..... Miss Florence Webster  
Address ..... Dr. James McNulty  
Address ..... Dr. Condon of Oregon, Wis.  
Recitation ..... Miss Mary Chumpton  
Musical ..... Miss Mary Daly  
Song ..... Mrs. Wober  
Janesville's lodge of the Ancient Or-  
der of Hibernians is growing yearly  
in strength and the past year has  
been unusually prosperous. Nearly  
115 new members have joined the  
order recently.

Inoculating Lead with Salts.  
Inoculation of lead with mineral  
salts has been found to impart a  
slowly progressing "sickness," anal-  
ogous to that set up by bacteria in  
living bodies, and the end is a falling  
to pieces after a number of years of  
disintegration. This matter has been  
investigated by Prof. C. Matignon of  
the College of France, in consequence  
of the crumbling to dust of ancient  
lead vases, medals, etc., in the Mu-  
seum of Cluny. He finds that the ob-  
jects were impregnated during burial  
in the soil or under water. The sick-  
ness is the result produced by im-  
parting traces of salt to fresh lead,  
and if the impregnating salts are not  
removed the result is invariably fatal.

## WOULD PROPOSE A STATE INSPECTION

Dr. D. B. Clark, Working On Bill to  
Strengthen Supervision of  
Slaughter Houses.

Should the efforts of State Veteri-  
nary Dr. D. B. Clark of Janesville prove  
successful, Wisconsin will have a law  
providing for the inspection of meat  
at the slaughter houses, to the killing  
of cattle and other stock.

"I am gathering material," he said,  
"collecting statistics and other in-  
formation, which I shall use in formu-  
lating a bill. This bill will be sub-  
mitted to the legislature at the next  
session, and will provide for making  
state inspection of killing compulsory.  
"It is now impossible to inspect the  
meat at the time of killing except at  
plants doing an interstate business,  
owing to the prices paid."

"At the prices we pay for beef we  
want it inspected. We want to be  
sure that we are not eating diseased  
meat. To show the extent of tubercu-  
losis in cattle, from July 1 to March  
1, 15, 141 cattle were tested in Wis-  
consin, and of that number, 923 were  
tubercular."

"The plan I would like to see is  
this. To have one state meat inspec-  
tor in charge of all inspection work;  
have veterinarians in charge of the dif-  
ferent counties, and under these men  
have local inspectors, also appointed  
through civil service examinations.  
The inspectors should examine the kill-  
ings and shall examine an animal be-  
fore and after killing. If the butcher  
and the inspector have a dispute,  
either one may call in the county  
veterinary for settlement."

"A bill embodying these features  
will be introduced next fall. I am  
working on it now."

Acted and Superbly Mounted

Well acted and superbly mounted,  
the "St. Elmo" performance pleased  
two large audiences at the Myers  
theatre yesterday. The plot hinges  
on the redemption through love of  
the name-part character and is a  
familiar one inasmuch as the play has  
been presented here on former oc-  
casions, though never in a more ade-  
quate fashion. Mary Enos gave a  
"Edna Bell" and Orin Burke's por-  
trayal of the harsh and embittered  
"St. Elmo" was exceptionally good.  
The support throughout was excel-  
lent.

## SPRING OPENING

Smart Suits Priced  
Moderately

This season's length in suits is the short coat; from 31 to 36  
inches long are the season's favored lengths, with the 34 inch in the lead  
for popularity. Long revers of satin and the shawl collar reaching to the  
waist line, where appear one or two buttons, are very smart and effective.  
There is no end to the many smart ideas the designers have brought out.  
Collars are often finished with embroidery in high colors. Skirts are the  
plaited models and are mostly trimmed by their own fabrics. Usually  
the decorative scheme is accomplished in the plaiting and cutting.

Materials are mostly the plain French serge. It is to be a very  
practical season in the way of color, navy blue taking the lead with tan or  
gold in new shades, and the always popular black a very close second,  
while black and white checks are many and beautiful.

The moderate pricing of these suits is one of our special features which  
are a delight to our customers, who are unstinted in their praise of the  
display of low pricing. New suits ..... \$15 to \$40

## One Piece Cloth Dresses

Of fine worsteds and voiles, in the season's prevailing colors. Waists  
effectively trimmed with embroidery or lace yokes and wide plaits; skirts  
combination plaited or tunic effect, rare values ..... \$7.50 to \$25

HANDSOME SILK DRESSES, in many dressy models, the new sunburst and fancy braided effects, all the newest color-  
ings in plain and changeable taffetas, skirts full plaited, giving fullness or tunic fold effect. Waists have yoke and collar in  
beautifully braided designs, exceptional values ..... \$12.50 to \$30.00

TAN COVERT AND DIAGONAL SERGE COATS,  
many clever new spring models, 64 inches long, plainly tail-  
ored, plain or fancy weave, tan or stripe grays and wide box  
weaves, semi-fitting, coat shape, long collar, 3 and 4 button  
front, well tailored, perfect fitting, all sizes, smart coats at  
low prices ..... \$10.00 to \$25.00

NEW SPRING CAPES, made of fine broadcloth, in all  
the season's best colors, 62-inch, circular sweep, standing  
collar, prettily trimmed with gilt braid, shoulder and back  
with self strappings, gilt buttons and braid, all  
sizes ..... \$8.50 to \$15.00

Delegates From Janesville and Nearby Association Will Hold Conference Here.

A boy's work institute will be held tomorrow at the Y. M. C. A. building for those engaged in the boys' work in this district of the state and delegates chosen from the Junior classes of nearby associations. The institute is in charge of R. A. Walte, Jr., secretary of the international committee of the Young Men's Christian association, who is making a special tour of Wisconsin. Between forty and fifty people, workers and delegates, it is expected, will attend the meetings. Delet and Evansville will send representatives and possibly Clinton and Lake Geneva. A committee picked from the members of the Janesville association will also be present. Robert Cunningham acting as chairman of this committee. The conference commences at 9:30 and will continue until three o'clock in the afternoon. At noon a delicious three-course dinner will be served to the members of the conference. The program as prepared by the state association for this meeting will be as follows:

9:30 a. m. Devotional exercises.  
10:30 a. m. Reports from different organizations represented.  
10:50 a. m. Question box and discussion of boys' work problems.  
11:30 a. m. Recreation in gymnasium, game room or outdoors.  
12:30 p. m. Dinner.  
1:30 p. m. Discussion (continued).  
2:00 p. m. Address, Mr. R. A. Walte, Jr., of New York.  
3:00 p. m. Adjournment.

## MILTON JUNCTION.

Milton Junction, March 17.—Mr. and Mrs. Irving Clark went to DeForest on Friday to attend the funeral of Ernest Nowell.

Twelve members of the Ladies' benevolent society met with Mrs. Maxon Wednesday afternoon. Work was abundant and at the same time a missionary program, "The Study of Central Association," was listened to.

Mr. and Mrs. F. C. Monroe of Battle Creek are here visiting relatives and friends. This afternoon they held an auction at their former residence and sold their household goods. They expect to locate in Battle Creek where Mr. Monroe is garden overseer at the sanitarium.

Thomas Driver has purchased F. C. Monroe's residence at the corner of Milton avenue and Janesville street.

The Junction basketball team of girls and boys went to Edgerton Thursday afternoon to play basketball. The Junction girls were beaten 12 to 13, and the Edgerton boys won their game by a 15 to 18 score.

Mrs. S. C. Chambers went to Madison this week. Miss Amanda Johnson will return with her on Friday.

Mrs. James Gage's sister, Mrs. E. T. Foote of Janesville, spent Monday with Mrs. Gage.

On Tuesday evening at the high school building occurred the final contest of the league. Donald Ogden won first place in the declamatory and Clarence Newton in the oratorical.

Irving McWilliams and Myrtle Gray surprised their friends by slipping away to Rockford and getting married. They visited her sister, Mrs. Herbert Baker of Janesville, and from there went to Chicago to visit the groom's sister. They will keep house on the D. P. McWilliams farm and will be at home to their friends after April 1.

Mrs. Lottie Baker of Junction came Thursday for a few days' visit with her parents, Mr. and Mrs. Chas. Gray.

The Willing Workers met Wednesday afternoon with Mrs. Fred Carr on Third street.

Miss Larchuda Gilbert is able to take a ride in a wheel chair these fine days which adds very much to her comfort and is helping her to get well.

Wallace Coon is expected home from Chicago tonight.

Miss Ryan's place in school has been filled this week by Clair Stillman.

Frank and Mark Hall went to Montauk Tuesday night.

Madames F. L. Hall, Mark Richardson, Alfred Henderson, Ross Coon and Miss Anna West entertained the Fortnightly club on Wednesday at the home of Mrs. Fred Hall on Madison avenue. The house was tastefully decorated, the chandeliers in the library were draped with horse shoes, those in the sitting room with shamrock, and in the dining room with good luck pennies. The menu was most excellent and after dinner, each guest having brought a picture of themselves, in childhood, the guests were required to guess to whom they belonged. Mrs. Robert Kelly and Mrs. Ed. Holston tied for first honors, each guessing whom every picture belonged to. In the drawing contest to determine who should get the prize, Mrs. Kelly was successful, winning a set of good luck collar braces.

"Uncle Ben" Miller of Madison has been spending a few days with relatives. He is in very feeble health.

DISCUSSED PLANS  
FOR A GIRLS' CLUB

Proposition of Social Organization for Young Women Discussed at Mass Meeting Yesterday.

Plans for organizing a club or society for the benefit of the young women of this city, were discussed at a mass meeting held in the assembly chamber of the city hall yesterday afternoon at four o'clock. The attendance was composed largely of ladies, representatives of nearly all of the church societies and clubs, in which women take part, being present. Various speakers gave short talks and it was agreed that such an organization was necessary.

Mrs. J. B. Day presided over the meeting. Judge C. L. Elford spoke of the need of an organization for social work among the young men. His speech was followed by a free discussion. The work of the Y. M. C. A. throughout the country was told of by Miss Mary Armstrong. The ways and means of securing an association were discussed by the Rev. W. P. Christy and Sept. H. C. Budd talked on the need of cooperation in the work. Dr. David Benton described his experiences with the Altman club in Chicago.

It was decided that the movement should be strictly non-sectarian, started by the ladies of the city rather than any one denomination. Acting on the suggestion of Dr. J. W. Laughlin, a resolution was passed setting forth the aims of the conference. It was as follows:

Resolved, That the mass meeting of representative women of Janesville unanimously resolve that it is necessary and wise at this time to organize some center of social and recreative life for the young women of the city.

That the chairman of this meeting be empowered to nominate chairman of canvassing committees to obtain financial and moral support for this organization and that the following persons be temporary officers to call future meetings: Mrs. Janet B. Day, Miss Mary Barker, and Miss Louise Crosby.

GREAT YEAR FOR  
LAUNCH OWNERS

Seems To Be In Prospect—Several Boats Already On River—Claire Capelle Has Bought Selkirk Craft.

Launch-owners are getting their crafts repainted and refitted for what promises to be the earliest, longest, and most enjoyable season on the river within the recollections of the oldest navigator. Fred C. Turner is already out with the first boat which he purchased from Harry Nowlan. George McKee's "Loran" is on the way. "Capt." Claire Capelle, with the launch which he recently purchased from Charles Selkirk, is the latest addition to the ranks of the riverboat enthusiasts.

HIGH SCHOOL PUPILS TOLD  
OF RAISING OF OSTRICHES

Miss Mary Armstrong Described Visit To Farm Where Birds Are Raised For Plumes.

Pupils at the Janesville high school were this morning treated to a fine, interesting talk by Miss Mary Armstrong, one of the faculty. Miss Armstrong described her visit to an ostrich farm near Phoenix, Arizona, on her western trip last summer. The farm she visited had eighteen hundred birds on it, each worth, on the average, about \$1,000 each. She exhibited a number of the plumes taken from the birds. The story was very graphically told.

Basketball Game.

Now that the regular high school team cannot take part in the state tournament at Appleton, interest at the high school is centered in the coming game between the Senators and the Faculty. The faculty have heretofore been unsuccessful in contests with the fourth year men, but are hoping that the practice they had in last year's game and the one before will have worked an improvement in their playing form. Just who will play on the two sides is unannounced as yet. The game will probably take place next week.

## OBITUARY.

## Detlef Blerkness.

Detlef Blerkness, who died at the home of his sister, Mrs. Hans Gunness, Wednesday morning, was laid to rest in Oak Hill cemetery this afternoon. The funeral services, which were held this afternoon at two o'clock at the home of his sister, were conducted by Rev. Alfred C. Johnson of the Norwegian Lutheran church. Six nephews of the deceased, Carl, Henry Melvin, and Alfred Gunness, and Charles and Alvin Blerkness, acted as pall-bearers.

Detlef Blerkness was born in Sandness, Norway, April 18, 1845. He emigrated to this country in 1884 and up to the time of his death had resided in and about Janesville. He is survived by one sister, Mrs. Hans Gunness, and three brothers, Ole, John and Anton Blerkness, all of this city. He was a man of sterling character and leaves a large circle of friends to mourn his loss.

## Mrs. O. C. Knelp.

The remains of the late Mrs. O. C. Knelp will be on exhibition for her friends at the home, 228 Prospect avenue, from nine until twelve o'clock tomorrow morning. Funeral services will be held from Trinity church Saturday afternoon at 2:30.

## Mrs. Bridget Nolan.

Mrs. Bridget Nolan, aged 92, an old resident of this city, died this morning at six o'clock at the home of her daughter, Mrs. D. J. Conneely, 408 South Pearl street. She had been ill for the past two weeks. Mrs. Conneely was an early resident of this city, having made her home here for fifty years. Besides the daughter, she is survived by three grandsons, Edward, Thomas, and Daniel Courtney of this city. Notice of the funeral will be given later.

## Mrs. Ellen Brown.

The funeral of the late Mrs. Ellen Brown will be held tomorrow morning at nine o'clock from St. Patrick's church.

CONFIRMATION SERVICES  
IN AFTON CHURCH SUNDAY

Rev. Christy of Janesville Will Have Charge of Exercises in English Lutheran Church.

[SPECIAL TO THE GAZETTE]

Afton, March 18.—Special services of an interesting and impressive nature will be held next Sunday afternoon by the English Lutheran church of the Holy Trinity. There will be a sermon, confirmation exercises and the observance of the Lord's supper. Rev. W. P. Christy will have charge of the services and will be assisted by Rev. Paul H. Roth of Deloit. All are invited to attend this meeting, which will be held at the Baptist church at 2:00 p. m.

With the "Social Problem of the United States" as his subject, Rev. L. A. McIntyre of Janesville gave a strong and wonderful lecture at the Baptist church last Monday evening, this being the last in the series given by the Men's club. Mr. McIntyre's presentation of the question showed a thorough study of the problem in all its phases and his remarks were reinforced by an interesting series of stereopticon views, which added materially to the lecture. There was a large attendance.

Pastor Codd gave the third talk in his series on "Bible Religion" at the Baptist church last Sunday evening. His subject was "Sin—What is it?" and his remarks were interesting and instructive.

Messrs. John Brinkman, Ed. Waters, Henry Hartling and Emmett Dubois spent a day in Chicago recently on business.

Mrs. Jane Withington has returned to her home in Janesville after a visit with relatives here.

Mrs. J. A. Stahl of Deloit spent Sunday with her sister, Mrs. Guy Holliday. Mr. and Mrs. Holliday and family have recently moved here from Black River Falls, and reside on the farm formerly occupied by E. C. Miller.

B. F. Blumhard was down from Janesville for a visit with Afton friends Sunday.

## CLINTON.

Clinton, March 18.—Master Leslie McKinney, carrier of the Janesville Gazette, was sick Monday and Tuesday.

Rev. W. L. Curtis returned Tuesday from Battle Creek, Mich. Henry Cheeseman and Henry Conley went to Lewiston, Montana on Wednesday.

S. H. Buckley and family will move soon from the flat over the store to the late James Kelley residence on W. Cross street.

Mr. and Mrs. Earl Horton left Tuesday for their home near Mecon, Ga., Canada after spending the winter here and at Delavan.

George Swan spent Sunday in Madison and was accompanied here by Miss Ruth Ekern on Monday evening, who spent a few days here visiting.

Harold Bruce of Deloit college was in town Tuesday.

The box social given by the Eastern Star Tuesday evening at the home of Mr. and Mrs. C. L. Tuttle was a grand success, financially and socially. The boxes were all handsome on the exterior and beautifully filled, and all sold at high prices. The committee was composed of Mesdames C. L. Tuttle and E. C. Eldredge, who deserve great credit for their efforts in making it a most enjoyable affair.

Mrs. O. L. Woodard left Wednesday morning for a visit with relatives at Milwaukee and Hebron, Ill.

Mrs. E. G. Eldredge spent Wednesday in Chicago.

The temperance lecture Tuesday night was well attended.

Mrs. Mary E. Swift of Chicago, representing the Redpath-Smyton bureau, met the committee in charge of the lecture course Tuesday evening.

Prof. Frank J. Lowth of Bensenville was here between trains Tuesday calling on his many old friends. He had served as one of the judges at a debate at Milton the evening previous.

Mr. and Mrs. Clyde Metcalf made a short trip to Sharon on Wednesday. Mrs. Nettie Scott went to Chicago Wednesday morning.

James Campbell of Rockford arrived here Wednesday evening.

Charles E. Smith, confined to the house with grippe for a couple of days this week.

Mesdames John H. Helmer, H. Arco Rogers, George M. Roeder and Frederick W. Herron were Janesville callers on Wednesday.

H. A. Moehlman left Tuesday morning for Texas.

H. Howland, who has been working in the Clinton cannery, resigned his position Tuesday.

Mrs. Daniel Smith was taken quite sick with tonsillitis Monday and has been confined to her bed since.

The lecture course committee held a meeting at the Y. M. C. A. reading room Wednesday evening. Mr. Durham of Chicago, representing the Chicago Mutual Life insurance company, was present and presented for consideration his list of intent. A course was then purchased of him, which is the most valuable course ever purchased for this place. The principal attraction will be the Chicago Operatic company and three other splendid attractions will be presented.

Fire was discovered in the roof of J. H. Switzer's blacksmith shop today at 11:30. A few pails of water soon extinguished the blaze and practically no damage was done. It might have been a serious fire had it gotten under headway on account of the many frame buildings close by. The origin of the blaze is unknown.

Mrs. Nelson of Sharon is visiting her daughter, Mrs. F. W. Herron.

One of the most delightful teas and "50c" parties of the season was that given by Mrs. H. A. Moehlman and her sister, Miss Maple Hartshorn, last evening at the home of Mrs. Moehlman on Highland Park avenue. Mrs. F. W. Herron won first prize and Miss Vandervlyn the consolation prize.

## Spending One's Money.

A man's money should not follow the direction of his neighbor's money, but should represent to him the things he would willingly do with it.—Emerson.

## Fact and Theory.

You can find a plausible theory in support of any fool notion, but unless there are a few facts back of the notion it is apt to flatten out.—Atchison (Kan.) Globe.

## Look Ahead

Only a few days—perhaps tomorrow you will want to put on a light weight Spring suit—the weather is uncertain and you must be ready.

We're ready to show you the newest assortment of Spring goods—pretty colors and fabrics that are just right at prices that are exceptionally low—so low that you can order two suits where you formerly bought only one.

We'll make your suit to fit you—to your own individual measures just as you want it. Come in and look over our goods.

- FORD -  
Snappy ClothesStylish Spring Suits  
FOR WOMEN

The finest styles, the popular colors, and the lowest prices are the three points of merit and upon which we base our claims for superiority.

Those women who have not been regular patrons of this store are particularly urged to pay us a visit now and to see the great variety and to note the lowness of our prices. We are glad to show.

In addition to the complete range of sizes we also have the  
Out Sizes in Suits

We call attention to a great number of out size handsome suits which we are enabled to offer at extraordinary low prices considering the high quality of the garments. All the new colors for spring are included in the showing and the fabrics are the fashionable weaves for this season. Sizes run 37, 39, 41, 43, 45. Price range \$12.00 to \$30.00.

## Pretty Coats For Misses and Girls

Samples at 1/3 Less Than Regular Price

These new 1910 Coats are prettier than any we have had in previous seasons. While the prices are very low, yet the makers have embodied the same style features of the ladies' coats. Come and see this large sample line. They represent the best of the manufacturers put out. Yet because they are samples we can offer them at REDUCTIONS OF ONE-THIRD from regular prices. The materials are fine serges and plain and fancy cloths.

Sizes for girls, \$2.50 to \$8.00.

Sizes for misses, 14, 16, 18, at prices \$5.00 to \$15.00.

Junior styles, 13, 15, 17, at prices \$7.50 to \$12.00.

Complete Showings of the New Easter  
Gloves—Many Rare Values Are Offered.Handsome Waists--A Great Showing  
of Lingerie, Tailored and Silk Waists

We have been able to secure a great assortment of the newest waist creations for the season at the usual discount for the salesmen's samples. These waists offer a choice for selection unequalled in Southern Wisconsin and the savings afforded are fully ONE-THIRD and more. Included are many beautiful plain white tailored waists, also in figured materials, lingerie waists and handsome silk waists, both the elaborate and tailored styles. 50c to \$2.98.

EXTRA SPECIAL—Black Satenee Waists, suitable for factory work, at 50c.

## TAFT IN CHICAGO.

Never in the history of the United States has a president of this great country ridden in a St. Patrick's Day parade until William H. Taft did so yesterday in Chicago. Not only did he do this but also at the banquet given in his honor last evening he dwelt upon the important matters of his administration and the policies that he intends to follow. It was a strong speech delivered by a strong man, mentally great and seeking to fulfill his anti-election pledges despite the interference of a congress, composed in part of insurgent republicans, who seek to belittle him and his work in their own advancement. Some of the kernels found in President Taft's address may be of interest to those who were not present, yet are anxious to know what his actual ideas are on subjects dear to the hearts of every citizen. He addressed many meetings and met many people.

## Conservation.

(At Auditorium meeting.)  
"The conservation movement owes its beginning to Theodore Roosevelt." (Long applause.)

"Go it again." (More long applause.)

"You don't enjoy that any more than I do." (Continued applause.)

"He was inspired to give that wonderful activity of mind and body to this movement by Clifford Pluchot." (Great applause.)

"I am in favor of giving credit where credit belongs and of withholding it where it does not belong."

"What I want to get at in this conservation policy is an act of congress that shall validate all the withdrawals that have been made, and shall give me power to make such other withdrawals as ought to be made against consideration by congress of the proper disposition of that land. I want the act and I am willing to make any concession about the law if I can only get something that makes usurance doubly certain."

## Waterways.

"I went down the Mississippi river to look into the waterway proposition. I was five or six days in the boat, with the advantage of association with Governor Deneen and all the governors of the United States. I was waiting to be convinced—and I am still in that condition."

## Monopolies.

"It is so much easier to do business if you don't have any competitor, and if I am told by some of the normal condition toward which we are tending. Then if it is, we are also tending toward another normal condition and that is the business on the part of the

government and the people of fixing prices."

Party Promises.  
(To Hamilton Club.)  
"I am trying to get some legislation through. When congress shall have seen it wise to follow the obligations of the platform, I shall then be glad to talk to you fully about the issues of the day. The possibility of losing for the time being a controlling majority in either house presents discouragements. What I need is the support of all of you and of the republicans in congress, to carry through the program to which the party is pledged. When that is done we can then arrange our line of battle and go before the people and present our case with a confidence that we have a good cause."

## Railroads.

(To Traffic Club.)

"I consider that I would be a coward if I did not consult every interest affected by the legislation I have to pass upon. I am against the railroads only when they violate the law and I consider that every man is entitled to his day in court."

## Newspapers.

(To Chicago Newspaper Club.)

"If you can only survive two or three days of attack and assault and unfounded statements, most people will forget it. You never do, but most people do. A newspaper man who does his task rightly is a man who furnishes the facts as they are, without respect to whom they hurt or help; but the man who is preaching an evangel or who is helping a cause, and especially the one who takes himself seriously, is the worst witness of the events with respect to which his views reach that you can possibly have."

## The Irish People.

(At Fellowship Banquet.)

"In all our wars the Irishmen have been to the front—in the Revolution, in the war of 1812, in the Mexican war, and in the Civil war. They are naturally a warlike people, and their patriotic love for their adopted country made them soldiers in the army of the union, than whom there were no more daring, no more effective than they."  
"We have opened wide the door; we have invited all the peoples of Europe; we have made but one condition—they shall become law-abiding, peaceful citizens, supporting the government."

## PRACTICAL AID PROPOSED

One of the important features of the development of this great nation have been the tide of immigration that has come to this country from all parts of Europe. One great trouble without social conditions has been the congesting of this foreign population in the great cities or in districts where they do not find employment suited to their needs. Perhaps this is partly due to the unscrupulous employment bureaus whose agents have in many cases retarded the work of the government, of the immigrant himself, to the personal advantage of the concern he was employed by and to the detriment of the country at large. There is a bill to expand the division of information of the United States immigration service at present before congress for consideration.

One of the strongest advocates of this measure in the country is Mrs. Mary Grace Quackenbush, a New York lawyer and former special assistant attorney general of the United States. In the opinion of this very able and clear-sighted woman the bill, if it shall become a law, will solve a great problem. As she views it, there can be no objection to it save what may come from private employment agencies that are making money out of the immigrant.

Under the provisions of this bill the secretary of commerce and labor would open in the various seaports, and in all cities of more than 200,000 inhabitants, branches of the division of distribution and information, in which bulletins would be displayed telling of labor conditions and the sort of labor in demand in all parts of the country. These branches would be used as distributing stations for immigrants. They would, that is, give official and absolutely reliable information to the newly arrived alien and direct him toward the place where employment awaits him. This system would work not only to the advantage of the immigrant, by taking him out of the clutches of unscrupulous agencies, but to the advantage of the different points needing labor as well. For the right man would be sent to the right place. The special demand of localities and communities would be met. The market for labor would not be crowded with stone masons, as is too often the case now, to the disadvantage of both, and immigrants suited to the country, and anxious to till the soil, would not be forced into the city tenement.

Poetry has abandoned his southern trip because the people feel that congress was right in asking for proofs of his wonderful discovery and his failure to do so has made them doubtful as to the tale themselves.

How happy the Standard Oil would feel if they could themselves believe all that their lawyers are saying about them.

Poultry farmers can point with pride to the fact that as far as they can learn there is no such thing as an "egghead" product on the market.

Congress appears to be finding out a lot about high prices that the consumer and general public know long ago.

It is safe to say that there are going to be a lot of hogs raised in the

United States this next year. That is fourfold benefit.

It is barely possible that California pleasure resorts may have to abolish them if they hope for future patronage.

It looks as though Uncle Joe was going to have the light of his life before he gets through with the matter.

In Cleveland that meat boycott that never really existed has officially been declared dead.

Congress had almost forgotten the "Maline" before it got round to really remembering it.

At present it looks like a perfectly good year for the baseball enthusiasts.

THE POET PHILOSOPHER

By WALT MASON.

(Copyright, 1909, by George Matthews Adams.)

One time there was a man of brain who early learned to strive and strain, and make, each passing day, a perfect count; and so he JEALOUS mounted, and took possession of the top; and there he heard the failures say: "Their voices came from far below, purchased with hatred, malice, woe. 'Tis true he passed us on the way; he heard the sad-eyed failures say: 'But he has conquered by a Duke; the facts, that gave us grief, rebuke, and gall, and wormwood by the peck, for him had not, and smile, and back. He gathered roses day by day, but only thistles came our way; much luck as his will help a man far more than any merit can; if merit counted, would he now sit there upon the mountain's brow, and hold his railing far below, where thistles, weeds and sandhills grow. 'This world is cold and bleak; and drear; injustice is the order here; and none who ought to win the prize get stunged by fate, between the eyes, and shades who should be in the soup, go soaring skyward with a whoop. 'The man who stood on high, alone, took from his grip a megaphone, and through it shouted to the boys who jured the mountain with their brays: 'Cut out complaint and idle woe; work! work! and you may reach the top!'"

Succeeds Keene Fitzpatrick as Athletic Trainer at the University of Michigan.

Ann Arbor, Mich.—The successor to Keene Fitzpatrick as trainer of the University of Michigan athletic team is A. C. Kranzlein. Fitzpatrick goes to Princeton university.

Kranzlein comes from Mercersburg, Pa., where he has turned out some of the strongest prep school athletes in the east. He made a great name for himself as a star on the University of Wisconsin football team. His work in track athletics has been most exceptional. He is thoroughly in love with his work and has made good as a trainer. No better man could have been found to step into the shoes of Keene Fitzpatrick.

Cigar Talk No. 3

Our brands of cigars all have exceptional merit. Why do we say all? Because they are all good sellers. Some are better than others, but all are good. We are always weeding out the poor sellers. Why? Because they are poor cigars. Poor cigars are poor sellers. Good cigars are good sellers. You never see the rule fail. It don't take the average smoker but a short time to tell the good from the poor and when he finds the good cigar he will smoke that—until he finds something better. That's the reason why you will find the good sellers in our case.

JOHN T. BRUSH.

WATCHING THE GIANTS AT MORNING PRACTICE.

Marlin, Texas.—President John T. Brush of the New York Nationals is taking a personal interest in the Giants seldom shown by a president of any league team. He is frequently out at morning practice and watches on the team as it is being rounded in to shape.

Brush is a great lover of the game and has been mixed up in baseball for a number of years. He first became interested in the game in Indianapolis. From there he went to Cincinnati and then succeeded Andrew Friedman as president of the New York Nationals.

# Rehberg's Clothes For Easter

**W**HEN you buy your Easter Suit you want to be certain of one thing. You want to be certain that the suit will look as well on you after you've worn it a while as it did when you bought it. In order that it will do this it must be all wool, and it must be made by hand as much as possible. *All-wool* adds greatly to both the wearing quality and the physical appearance of a suit of clothes. The more *hand-workmanship* in a suit the better it adapts itself to your figure and retains its shape.

**Hirsh-Wickwire, Sophmore and Viking Clothes**

**A**RE all wool and are hand made. In addition to this you will find the styles to have a snap and dash that is considerably out of the ordinary. The shoulders are high, broad and concave, the chests are full and deep, and the models have a distinct individuality that appeals to the stylish dresser who desires clothes that combine both dashiness and refinement. You will find it to your advantage to insist on these things, and if you want to be certain of them to buy your clothes at REHBERG'S. We are ready to show you a great variety of the newest things in both styles and fabrics.

**\$18.50 to \$30.00**

## A Grand Display of Easter Oxfords

**For Men** Everything that is good for the coming season for men of refinement and good taste, who insist upon the style features as well as the wearing qualities, will be found in our Spring displays.

The features of this season are the rope stitched, high heel, Arcadian lasts, with the short vamp and wing tips. Our showings are comprehensive, including the patent colt, the new Gray Russia calf, the newer tans, etc., shown in the Bostonian and Kneeland makes, noted for their superior workmanship and fine leathers at \$3.50 and \$4.00.

Dr. Reed Cushion Shoes at \$5.00.

**For Women**

The cleverest models in both pumps and oxfords shown in Southern Wisconsin. The full Cuban heels and military heels, in handsome plain patent, either blucher or lace styles, as well as button oxfords with fancy cloth top. In the dull kid leathers, another new feature in fine shoemaking, we show a variety unequalled, the short vamps, the plain or fancy perforated tips, in fact every clever novelty will be found. Patents and tans in the darker shades are also good and our extraordinary preparedness will be welcomed by all women who call here.

We carry the famous Queen Quality and Selby faultless oxfords for women, at \$3.00 and \$3.50.

Three Stores, Clothing and Shoes. On the Bridge

### Heart to Heart Talks.

By EDWIN A. NYE.

**BANISH THE HOUSEFLY.**  
Do you remember the pathetic poem "The Spider and the Fly" contained in the old school readers?

You will, then, remember how your childish sympathies were aroused in behalf of the poor little fly that came by cordial invitation into the parlor of the spider and was killed.

That poem was written in a day when the fly was popularly regarded as an annoying but harmless insect.

It was not then generally known that the common housefly is the filthiest of all vermin.

By comparison the spider is a benefactor. He eats flies.

The fly is born in filth, and his whole history and habit are of the slums. He fore he was a fly he was a maggot. He hatches where filth germs hide.

He is not a pleasant object of contemplation, but he is such an enemy of humans that his true character ought to be known.

The fly is liable to infect you with tuberculosis, typhoid or scarlet fever, diphtheria and other infectious diseases. He is a common carrier of disease germs.

The mosquito is an infection carrying insect, but the mosquito family is not numerous, as is the fly tribe. The mosquito breeds in swamps and is common to certain localities only. The fly is everywhere.

That is the trouble. Your premises may be sanitary, but the fly may breed in the stable of your next door neighbor. He is a community pest. Your neighbor's scavenger gets into your food.

The fly should be kept out of the house by screens until frost comes to kill him.

Food should be protected from the flies at all hazard. Babies and the sick need special protection.

Some housekeepers feel they are disgraced by the presence of bedbugs or lice. But these pests are harmless compared with the germ bearing housefly.

Use fly poisons, sticky paper, traps—anything by which he can be exterminated.

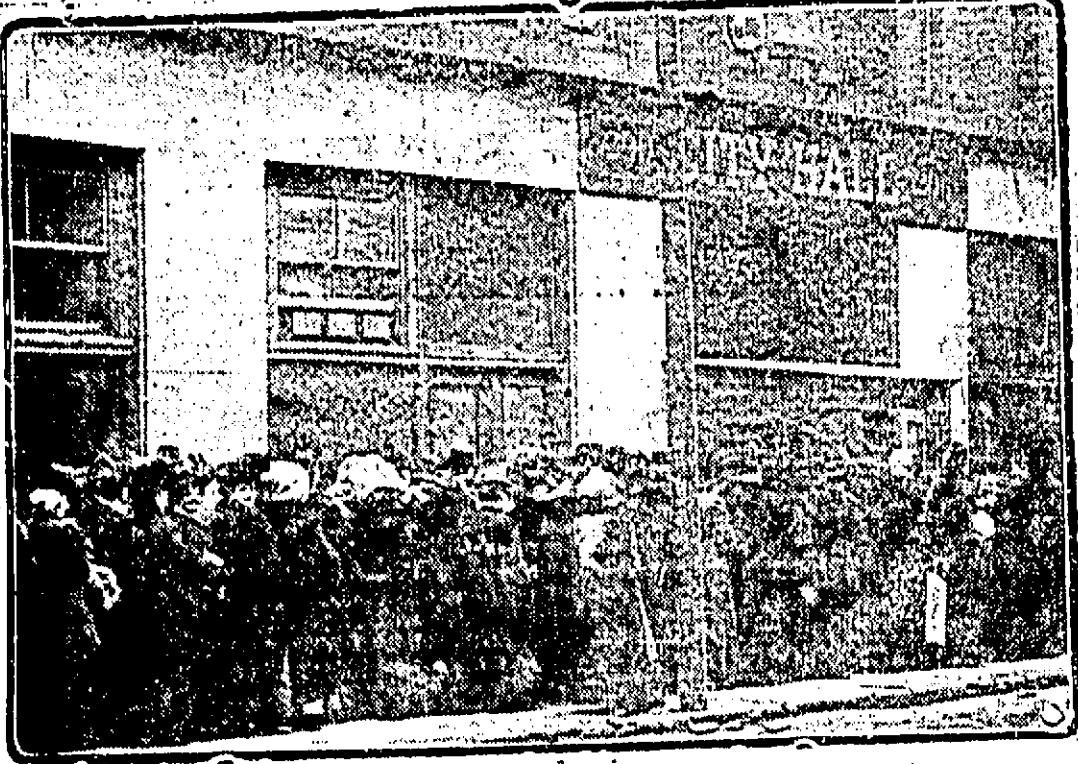

It is perhaps impossible to eliminate the breeding places of the insect. Wherever there is filth there will be flies. But one can keep the things out of one's house.

REV. BERTRAND M. TIPPLE, D.D.

Rev. Bertrand M. Tipple, Pastor of M. E. Church in Rome.

Rome.—The question which is perplexing Rome is will ex-President Roosevelt choose in favor of the M. E. church of Rome or the pope. He cannot visit both for the same distinction will be made as in the case of ex-Vice President Fairbanks. This is a vital question in Rome and is an interesting one over the entire world. Over the entrance to the M. E. church there always flies the American flag and the congregation is made up almost entirely of Americans. At one time this year Rev. Tipple had representatives from 27 different states in the union in his congregation. As it is an American institution there is considerable ground for believing that Colonel Roosevelt will choose this church of his home land. On the other hand, the Pope represents a power in the religious world

FIVE HUNDRED WOMEN SAY RED LIGHT DISTRICT MUST GO—Anti-vice zealots passing the City Hall in their march to the sheriff.

Chicago, Ill.—In the estimation of the Chicago women, one of the four following will be held responsible for Chicago's vice district—Mayor Hanson, Sheriff Strassheim, Governor Deneen of Illinois, or President Taft.

A band of 500, headed by Mrs. Emily M. Hill, last week marked to Mayor Hanson, demanding that he eliminate the levee district. Yesterday they marched to Sheriff Christopher Strassheim and demanded that he let them know within a week what he intends to do. If he does not act they are going to Governor Deneen and plead with him to send troops to close

this vice district, on the ground that it is a riot. If this fails they are going to Washington to call upon President Taft and demand federal troops to help them out. They are excited, determined and ready to fight for their moral rights.

Sheriff Strassheim met them with courtesy and with two propositions, neither of which seemed to appeal to the women. In the first place he asked if they would agree to take the 500 to 1,000 girls who would thus be turned into the streets into their homes or find suitable work for them. In response to this inquiry only five women

of the 500 raised their hands and many designated it as an imposition on them to ask such a thing.

In the second place Sheriff Strassheim told the women he could not close up the red light district unless he had warrants for arrests, backed by competent evidence. He agreed to arrest any persons against whom the women would procure this evidence but said he and his staff could not spend their time procuring this.

The fight is on in earnest, and whether the women will succeed any better with Governor Deneen or President Taft remains to be seen.

Burn Requires Care.

Do not neglect a burn as soon as the first sting is passed. Should there be the least sign of inflammation or of pus accumulating call in a doctor at once. In case of bad burns it is sometimes necessary to wrap the victim in cotton to keep out all air. In such cases the doctor would naturally be in charge.

ATHLETIC DIRECTOR MAKES GOOD IN KENTUCKY, E. R. Swetland.

Lexington, Ky.—E. R. Swetland, former football star, has made good as director of athletics at Kentucky State university. He has just been elected for three years. Before coming to Kentucky he was football coach at Swathmore.

Swetland has some very gratifying statistics to furnish those who are not so radically opposed to football as a college sport. He has compiled figures which show that football is not two-thirds as fatal as certain statistics on the other side of the fence would have one believe.

The Sabbath.  
The change from the seventh to the first day of the week as a day of worship came with the change from Judaism to Christianity and commemorates the resurrection of Christ. For a time Jewish converts observed the Jewish Sabbath, but before the end of the apostolic period Sunday had thoroughly established itself as a day to be sanctified by rest from secular labor and public worship.

A Doctor's Warning.  
When Dr. Johnson asked the Widow Porter to be his wife, he told her candidly that he had no money and that his uncle had been hanged. The widow replied that she cared nothing for his parentage; that she had no money herself, and that, though she had no relation hanged, she had 60 who deserved hanging. So they made a match of it.

Apple Trees in Tubs.  
In Germany dwarf standard pear and apple trees about four feet tall and pyramidal in form are grown in small tubs for decoration. The trees bear from ten to 30 pears or apples which, when nourished with manure of potash, are highly colored and effective both in the blossom and the fruit.—Helena Rutherford Ely in Serlin's.

12 South Main Street

Janesville, Wisconsin

**J.M. BOSTWICK & SONS.**

As Easter Draws Nigh  
the feminine mind naturally turns  
to GLOVES among other things.

It is a time when most women find that they must have a new pair of gloves. The Big Store is prepared as never before to meet all demands. We have received large shipments of Kid Gloves this week in the desirable new spring colorings. They are here in time FOR EASTER SELLING, but we have had to wait several weeks to get them owing to the terrific demand at this season of the year. We have to be very far-sighted in the buying of kid gloves, in fact in the selection of gloves as well to insure getting our usual high universal qualities which we carry from year to year, qualities which we insist on being the best obtainable for the price. Quality is what has made this such a reliable store.

In real kid gloves for dressy wear, we have our well known "Carlton," 2-clasp glove, in a beautiful line of colorings, at \$1.50.

For street wear our "Peerless" fine lamb skin, medium heavy weight, all colors, at \$1.50.

At \$1.00 our "Sovereign" fine lamb skin gloves are made of selected skins so treated that they do not become hard and stiff, always soft and pliable. They cannot be matched elsewhere.

At \$2.00 we have the Valliere Stainless Suede glove in black. These are probably the only black glove made that positively will not crack.

THE NEW SUEDE GLOVES ARE HERE. The latest styles in three clasps, the swellest thing for dressy wear. Colors tan, grey and black. Ours are the Phoenix glove at \$1.50. We also show Adler's genuine washable chamolite glove at \$1.00. Adler's fine Mocha unlined glove in black and grey at \$1.50. Baemo genuine chamolite skin Paris point back, fancy clasp, from \$1.00 to \$1.50.

English Walking Gloves for street wear, Pique stitched, out seam, in quality unsurpassed. No use looking further for better quality at \$2.00, \$1.50 and \$1.25.

LONG GLOVES are predicted for the coming season. We have them in all sizes, all colors, at \$3.00 and \$3.50.

Children's Kid Gloves, full range of sizes, tan and black, at \$1.00.

Chamolite in genuine chamolite color (not colorless or too yellow, like many we have seen).

We carry the very best made to sell at 25c and 50c.

KAYSER SILK GLOVES—For several years we have been the exclusive agents in Janesville for these gloves. When you buy Kayser gloves you can rest assured that your money is well spent. Kayser stands for quality. Kayser gloves will stand the closest comparison with any other make. Leaders in unusual quality and handsome finish. Three large mills are kept busy making these gloves and it is only by placing orders from six to eight months in advance that we can get them. Colors we show are black, white, grey, brown, tan, champagne, wisteria, two clasp 50c, 75c, \$1.00. Sixteen button length \$1.00, \$1.50 and \$2.00.

We could say more about our gloves but the above will give you some idea of what a complete glove stock is.

We pay cash for our merchandise and cash commands the best in the market at the lowest prices. Your cash has the same advantage here.

**BORT BAILEY & CO**  
THE CASH STORE

If you will form the habit of buying for cash you will reap two advantages. You'll always be out of debt and you will always get better values.

## Especial Showing in Suits \$15.00 to \$25.00

Just as in every one's life it is a habit to put the best foot forward, so in the initial stages of the season it has become custom with us to see that our stock is better than at any other time. Indeed, there are many things now on display which are impossible of duplication.

"Let the Suit be becoming" is our dictum, and that we may accomplish this in every instance we have provided a profusion of delightful styles suited in lines, proportions, size and shade to all the variant types of women.

Within the price of \$15.00 to \$25.00 we are making a special campaign this season and are sure that you are going to be delighted with our showings. We have made especial arrangements this season and can promise greater values at the prices than have ever been offered in Southern Wisconsin.

## 3-CASH SPECIALS-3 --- Saturday Only

To illustrate the opportunities of buying on a cash basis, we quote these three big specials for tomorrow. They are lots that we were able to secure for cash and because we sell them for cash our margins are very small. They are remarkable in every way. Fresh, new, merchandise, the pick of the market, bought for cash at a remarkable low price and offered specially tomorrow:

**\$1.25 LINGERIE WAISTS AT 89c**

One lot of ten dozen handsome lingerie waists in two beautiful numbers. These waists are the season's latest creations, made of fine quality of lawn, finely finished and remarkably pretty.

No. 2101 waist with four rows of insertion down front, and large pleats, collar and cuffs with fine tucks and German Val. lace, back tucked, opens in front.

No. 2102 waist, dainty embroidered medallion front with insertion on either side, collar and cuffs with fine tucks and German Val. lace, back with fine tucks. Opens in back.

Both numbers are shown in sizes 32 to 46 inclusive.

**\$1.25 HANDSOME CAMBRIC GOWN 95c**

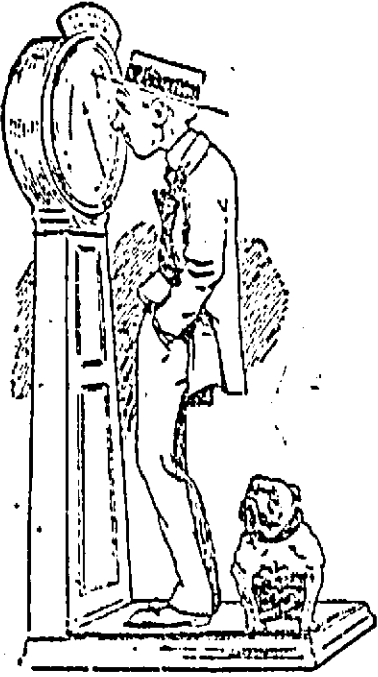

We secured a very large quantity of these. They have low neck, yoke trimmed with double rows of imitation crochet lace and ribbons, sleeves trimmed with same lace. The material is a fine soft cambric that will give excellent wear.

**50c MUSLIN CURTAINS 39c.**

This is a beautiful striped muslin curtain with full ruffle, a very durable fabric, evenly woven, an unrivaled quality at 50c, which we secured in a cash pick up at a price enabling us to offer them at 39c.

### STRANGE.

"I'm, that's strange. I've been at the sea only two hours, and I have already put on 12 pounds."

### CONSIDERATE.

Father, (calling downstairs)—Mary, just ask your young man if he doesn't think it's pretty near bedtime.  
Mary—Yes, papa, and George says if you're sleepy, go to bed, by all means.

### NOT ENOUGH FOR TWO.

He—Did you think you could manage with my salary of \$1,000 a year?  
She—Yes, dear, I'll try; but what will you do?

### EASY MONEY.

"How did he make his money?"  
"He had the good luck once to be called in as an expert witness for a man who was very wealthy."

### NOT SO BAD.

Nervous Lady—Don't your experiments frighten you terribly, professor? I hear that your assistant met with a horrible death by falling four thousand feet from an aeroplane.  
Bold Aviator—Oh, that report was greatly exaggerated.  
Nervous Lady—Exaggerated! How?  
Bold Aviator—It wasn't much more than two thousand five hundred feet that he fell.

Proof of Stupidity.  
Obstinacy and vehemence in opinion are the surest proofs of stupidity.—Burton.

**Nor of the Containers.**  
A Chicago man says the love germ is located in the center of the nervous system. Recently somebody declared the liver to be the seat of affection. There is no end of opinions.

**Paterson Not So Many.**  
A Paterson (N. J.) woman was found by surgeons to be harboring a mole which has been enmeshed in the region of her chest several months. That's nothing; we know a girl who has had a mole on her back for 18 years!

**A Journalistic Providence.**  
Young Housewife—"Can't you make that story in your journal go on a little longer? Our cook reads it, and I think she will stay as long as it continues."—Meggendorfer Blatter.

**True Friendship.**  
Friendship immediately banishes envy under all its disguises. A man who can once doubt whether he should rejoice in his friends being happier than himself, may depend upon it that he is an utter stranger to this virtue.—Addison.

**Value of Friendship.**  
True friendship is one of the greatest blessings upon earth. It makes the cares and anxieties of life all easily; provides us with a partner in our afflictions, and is a sure resort against every accident and difficulty that can happen to us.

**Philosopher's Tribute.**  
Women, according to a German philosopher, are the poetry of the world. In the same sense as the stars are the poetry of heaven. Clear, light giving, harmonious, they are terrestrial planets that rule the destinies of mankind.

MILLIONS OF  
LIVES LOST

An Awful Toll Collected by Consumption. Many Unnecessary Deaths from this Disease.

If people could only understand that systematic application of an internal remedy, they would not need to be warned so often about this deadly, which, when neglected, paves the way oftentimes for consumption, at the cost of millions of lives every year. Yet catarrh may be cured, if the right treatment is employed.

Catarrh is caused by a general diseased state of the system which lends itself to malingering and perhaps serious local conditions, which may prove a fertile breeding ground for germs of consumption. External remedies give but temporary ease.

The only way to successfully treat catarrh is by employing a medicine which is absorbed and carried by the blood to all parts of the system, so that the mucous membrane or internal lining of the body is toned up and made capable of resisting the infection of consumption and other diseases.

We have a prescription of a physician who for thirty years studied and made catarrh a specialty, and whose record was a patient restored to health in every case where his treatment was followed as prescribed. That remedy is the Hoxall Muc-Tone. We are so positive that it will completely overcome catarrh in all its various forms, whether acute or chronic, that we promise to return every penny paid us for the medicine in every case where it fails or for any reason does not satisfy the user.

We want you to try Hoxall Muc-Tone on our recommendation and guarantee. We are right here where you live, and you do not contract any obligation or risk when you try Hoxall Muc-Tone on our guarantee. We have Hoxall Muc-Tone in two sizes, 50 cents and \$1.00. Very often the taking of one 50-cent bottle is sufficient to make a marked impression upon the case. Of course in chronic cases a longer treatment is necessary. The average in such instances is three \$1.00 bottles. Remember you can obtain Hoxall Muc-Tone in Janesville only at our store, The Hoxall Store, The Smith Drug Co.

## WOMAN'S PAGE

## The Evening Chit-Chat

by RUTH CAMERON

MY GOOD star, preserve me from dealings with a petty woman! There undoubtedly may be worse qualities in womanhood, but I don't believe there are any more disagreeable ones than pettiness.

That's the quality that breaks up more friendships, sets more neighbors at loggerheads, and mars more feminine undertakings than any other.

What started me raving so hotly?

Oh, just a pleasant little experience with this delightful quality.

One of the girls in our office was about to be married, and I was getting up a subscription for a wedding present from the girls.

All the girls not only contributed, but also expressed their pleasure at the opportunity, until I came to the head stenographer of the business department—a woman who had been there a great many years.

She looked my subscription paper over, sniffed and hid it down.

"I don't think I want to contribute," she remarked lily.

I was astonished. We had always regarded generosity as her one virtue.

Later on the explanation arrived. She confided to her dearest friend who, of course, confided it to the rest of the office force, that she should have thought that as the senior member of the business department she would have been the first in that department to be asked to contribute.

If she hadn't given a single cent.

Liberal, but as it was she shouldn't give a single cent.

As a matter of fact, I had started around with that subscription paper when she was out to lunch, and that was, of course, the only reason that I had happened to come in her among the last.

Can you imagine anything more little minded than that?

In our town not long ago a prominent woman did her best to make a big charitable affair a failure because the chairman of the committee that did all the work, instead of herself, the president of the society that gave the entertainment, was asked to make the announcements.

My mother has two friends who each keep tabs on just how often she calls upon the other. If by any chance mother happens to go by Mrs. Y's, she calls upon the other. If by any chance father happens to go to the other end and stop in for a chat, she must be sure to make time to go to the other end of the town and call on Mrs. E. also Mrs. E. will be very much at outs with her.

Just how Mrs. E. finds out about every visit to Mrs. Y. and vice versa, is a mystery to me, but that is one of the characteristic things about petty people—they always have time to find out such things.

I fancy the rather narrow life that housekeeping women lead predisposes them to pettiness, and for that reason I think they should be always on their guard against it.

And the best way to guard against it is not to lead that narrow life.

The wisest way to try to cure a bad thing is to put a good one in its place.

The wisest way to keep from being petty is not to have time to be.

Be too much absorbed by big things, healthy activities and plentiful interests, and you won't have time for littleness.

Have enough more interesting things to think about, and you won't have time to think about slights.

—Ruth Cameron

THE SHORT COAT FOR SPRING.

With the approach of spring the short coat will again be in evidence, and there is a decided advantage over the longer model of last season in that it is light to wear or to carry. The plain coats are slightly fitted and finished with either the shawl or notched collar, the distinctive feature being the enticement effect at the front closing. The Russian influence is becoming more noticeable in American fashions, and is at its best in the coat suit, where it offers many delightful possibilities in treatment.

OUR INFINITE HAPPINESS.

BY MARY HUSSELL.

If we knew that the comet was going to wipe us out of existence some time in May how would we spend these last few weeks?

Would we go on just as we do now or would we begin to make ourselves lovable and lovable?

How many of us would take the time to make things around us happy? How many busy men would allow the business, that has become a God, pass out of this mind, and learn to know their own family.

The chance hedges at the gate would be given with a free hand—why should we hoard the wealth that would soon mean nothing? We would feel that a greater wealth was to be had in the love and gratitude of those about us.

We would live for today and let tomorrow take care of itself. The pleasant thing for which we have never had time would be taken. The visit to the old home and mother would be made. The gratifying of the wishes of the beloved son or daughter for some bit of luxury would be granted. We would try to be a world of holiday makers, for why should we labor and save, and plan, with the end so near?

And some of us would learn that we had forgotten how to play. We would find we had had no playmates. No one with whom we could sympathize in this rare moment of ease and good fellowship. Those who had kept up the play would have no place for such an amateur as the busy money maker would find he had become. He would be outside of it all. Like the solitary child at a party, he would be in the game, but not of it.

It is perhaps wise that we are not sure when the end of the world will come, nor how it will come about. But it is a wise thing to stop long enough to think what we would do under such circumstances, and then consider how many perhaps add to our own happiness, and that of others by living just a little as if we knew the end was at hand.

It is not a good thing to forget how to play. The man or woman who keeps an interest in the enjoyments of youth never really grows old.

Young people are only children of larger growth, and it is almost a proverb that a happy child is a good child.

DISAPPEARS SUDDENLY

Poslam Makes Quick Work of Skin Disfigurement.

By taking a small part of the skin which is affected with some blemish, such as pimples, rash, blotches, etc., or which is merely inflamed, itching or chafed, and applying thereto a small quantity of poslam sufficient only to cover the selected surface, an immediate demonstration may be had of the remarkable properties of this new discovery and enough poslam for the purpose will be mailed free of charge to any one, upon request, by the Emergency Laboratories, 32 West 25th street, New York. This spot so treated will be cleared and healed in twenty-four hours.

Poslam puts a stop to itching as soon as applied, and its readiness in healing these small surfaces and minor troubles is but an indication of its rapid action in curing eczema, tetter, scabies, etc., on hands, limbs, scalp or any part of the body. As the quantity necessary to use varies with the nature of the trouble, poslam is put up in two sizes, one for 50 cents (for minor uses) and the regular jar at \$2. Both are always on sale at Smith's Drug Co. and the People's Drug Co., as well as other drug stores.

THE MOTHER AND FATHER THAT KEEP UP their interest in the amusements of the children are more likely to have happy children.

Enjoy the day that is here and now—what do you know of the morrow? If you wonder what you shall do, think how you may make someone happy, and then think of someone else.

The surest way to happiness is by way of the happiness that you put in to the lives of others.

A NEW FRENCH MODEL.

The model shown in above sketch is of old gold straw, with trim on left side sharply turned. The trim ming consists of large silk roses, a delicate shade and a large black satin.

SPRING TAILOR SUIT.

Above cut shows one of the new tailored suits for spring. As in a majority of cases, the skirt has a panel front and plaited sides and back. Coats do not differ greatly from last spring, other than they are a trifle shorter.

The popular materials for suits are French serges and worsteds—the latter more attractive than ever. Blue—the always good-looking navy—is a special favorite, while tans, gray and violet are also well liked.

BRIDGE COSTUME IN TWO-TONES OF GREEN.

Two-tones of dull green permeating the bridge costume which forms the old-fashioned bodice which hides in the fullness of the semi-low-necked, semi-belted blouse of white Chamois lace over white satin. The short, draped sleeves are banded with Point du Venise and the black velvet faced green chip hat is green velvet with large silk roses and green velvet leaves.

THE BATTLE.

It is interesting to read the battle  
of man and disease. Thousands of  
years ago man rubbed the juices of  
weeds into his skin, later he used  
crude oil, honey, then peroxide. Even  
to these methods there was more  
added than science. Sea weed ashes  
contain iodine, crude oil carbolide acid,  
peroxide oxygen gas, each one a good  
antiseptic in its way, yet no one of  
these can be used safely in all cases.  
Some germs are killed by one but are  
not affected by another. Physicians  
have for years looked for a universal  
antiseptic, one that would kill all  
germs. Working on these lines has  
perfected a new antiseptic. Thym  
Ozon, composed of oxygen, boric acid,  
thymol, eucalyptol, and other power-  
ful but not poisonous antiseptics.  
Thym Ozon can be used safely and  
with success on any sore, scratch or  
inflammation like skin eruptions, sore  
throat, catarrh of the mouth, cancer  
sores, ring worms, etc. All germs on  
the human body through the mouth  
and throat or through some scratch or  
sore. Thym Ozon used as a mouth  
wash or applied to the wound will  
prevent almost every disease. Thym  
Ozon is a scientific compound, power-  
ful yet harmless, aromatic and pleas-  
ant to use. Sold only by the Badger  
Drug Co., Milwaukee and River St.,  
at 25c. Get a bottle today. Have it  
in the house as a preventative against  
disease.

DAVID WATT WELL  
ACQUAINTED WITH  
LOUISE MONTAGUE

Ex-Circus Man Knew the Late Famous

"Ten Thousand Dollar Beauty"

Well.

Louise Montague, famous the world  
over as the "ten-thousand dollar"  
beauty, who in 1881 was accorded  
the honor of being the most beautiful  
woman in the world and who brought  
to Adams Park the distinction of  
originating the best drawing card in  
circumstances next to the great "Jumbo,"  
died at her home in New York City  
yesterday at the age of fifty-one after  
a lingering illness. She will be re-  
membered by the older citizens of  
this city as the "world's most beautiful  
woman" was one of the attractions.  
This was especially true in the case of  
David W. Watt of this city, who was  
cashier for the Foranpark Show for  
many years and who knew the famous  
beauty well.

"Louise Montague was the most  
beautiful as well as one of the most  
attractive women that I ever had the  
pleasure of meeting," said Mr. Watt  
today when told that she had died.  
"She not only possessed almost per-  
fect form and features but she was  
very intelligent and had a wonder-  
fully attractive personality. There  
never was a time during the three  
seasons that she was with the show  
that she did not possess the absolute  
admiration of every man connected  
with it, from roulettes to perform-  
ers."

"Her distinction as the most beau-  
tiful woman in the world came to her  
as the result of an inspiration that  
struck Charles Day, a newspaper man  
of New Haven, Conn., who thought  
that a beautiful woman in which  
every woman in the world could com-  
pete would be a great advertising  
scheme and launched this plan to  
Adams Park. Out of the thou-  
sands of applicants who submitted  
themselves, Louise Montague, at that  
time a variety actress in New York,  
was accorded the distinction by a uni-  
versal decision of the three judges."

"That the ten-thousand dollar was  
well spent, is shown by the fact that  
during her first season, the shows  
clearing over three quarters of a mil-  
lion dollars and this profit was due  
largely to the desire of the people of  
the United States to see the world's  
most beautiful woman. She was given  
the platform of honor in the men-  
agerie, furnished with costly and  
beautiful gowns and an almost un-  
limited expense account. Although  
not up to her figure, she was far  
from being a lay figure and it was her  
skill in handling the reporters that  
accounted for much of her popular-  
ity. She was tender hearted as well  
and always the first to attend an in-  
jured employee of the circus."

"After her second season with the  
show, she left for Europe to study  
dramatic art. Of her career after  
her departure, I remember nothing.  
Success could not have attended her  
for she never occupied the new col-  
umns after that. Undoubtedly she  
changed as the years came on but I  
shall never forget the picture she  
made while on the platform under the  
canvass roof, with her dark hair and  
eyes and her wonderful gowns. She  
is one incident in my circus career  
that I shall always remember with  
pleasure."

failure is due entirely to bad luck.

MONROE WRESTLER

WON STATE TITLE

I. R. Kittleson, Who Defeated Haslip

of Milwaukee, Claims Light

Weight Amateur Cham-

pionship.

[Special to this Gazette]

Monroe, Wis., March 18.—Several

hundred spectators witnessed the

wrestling match between I. R. Kittleson

and Co. H. and John Hazlip of Mil-

waukee, the bout taking place in the

armory. Kittleson, though fifteen

pounds lighter in weight, got two

straight falls on the Milwaukee

wrestler, the first in twenty-eight min-

utes and twelve seconds, and the sec-

ond in eighteen minutes and ten

seconds. Kittleson was very agile and

managed to wriggle himself out of

some pretty tight places in several in-

stances. At one time Hazlip held

Kittleson in what appeared to be the

fastness of the hammerlock hold, but

Kittleson managed to extricate him-

self. The exhibition was a highly

satisfying one and became very ex-

citing at times. Hazlip claims to be

the lightest wrestler in the state.

Adolph Ahlman, champion in the

heavyweight matches of the cham-

pionship of southern Wisconsin, lost

his title to Ernest Gerber, a recent

arrival from Switzerland. Other ex-

hibition wrestling of the great strength

were pulled off by the Zerkow brothers.

H. A. Reneau of Winona, Minn., is

expected here Monday to take charge

of the commercial department of the

Monroe business institute, in place of

Prof. Geo. W. Wilkinson, who has been

obliged to resign on account of ill

health. Mr. Reneau comes highly

recommended, and as a principal has

been connected with the school for

four years, and many friends whom

he has made while here will regret

his leaving. He will take his family

to Iowa, his former home.

When the next mayor goes into of-

fice, the first duty he will have to do

will be to appoint a board of police

and fire commissioners. This is due

to a new law passed by the legisla-

ture which gives to the city council

control of the police and firemen's ser-

vice, officials of the company declare.

During the past three months there

has been no little criticism of the

Milwaukee road and the subsidiary

company operating the road, and the

reason for failure to handle freight

promptly. The congestion of traffic

was so great last December as to re-

sult in a committee of Milwaukee

business men going to Chicago to

make complaint about delays in ship-

ping cars in the local yards.

At that time the Chicago officials

of the Milwaukee road assured the Mil-

waukee delegation everything possible

would be done to provide sufficient

motive power equipment and the de-

mands of traffic in this portion of the

company's territory.

But it was not anticipated that the

company contemplated making what

is believed to be one of the largest

contracts ever let for rolling stock.

The announcement that \$7,500,000

would be expended in the near future

by the Milwaukee road for that pur-

pose comes as a surprise.

To meet these new equipment de-

mands there will be several new as-

sisting yards established. According

to the word received from the west

recently one of these big yards will

be at or near Janesville. This will

be done to handle with expediency

the rolling stock of the road. It is

also rumored that the track between

Madison and Portage is to be relaid

this summer making it possible to

run through coast trains from Chicago

to the coast through Janesville in-

stead of Milwaukee.

MILWAUKEE ROAD TO

USE MILLIONS SOON

Now Equipment Will Be Put Into Use

As Soon As It Can Be Turned

Out.

A fortune will be invested in new  
rolling stock by the Chicago, Milwa-  
ukee & St. Paul railway company and  
the Chicago, Milwaukee & Puget  
Sound Railway company.  
One order for \$7,500,000, Railway  
men can not recall when a single or-  
der for rolling stock required such a  
large expenditure.

How great has become the growth  
of the Milwaukee road, as it is known  
in the railroad world, is shown by the  
dispatch from New York yesterday  
the ordering of 150 locomotives, 400  
passenger coaches and 1,200 freight  
cars.

Contracts have been made by the  
Milwaukee road with the American  
Locomotive company and the David  
W. Locomotive company for the pur-  
chase of 100 of the 150 new locomo-  
tives. It is understood that the en-  
gines built in the last will be large  
compound locomotives of the Atlan-  
tic and Pacific types.

Fifty of the locomotives will be  
built in the West Milwaukee shops of  
the Milwaukee road, giving employ-  
ment to hundreds of men. Most of the  
engines built in Milwaukee probably  
will be of the type known as "monkey  
locomotives" which has demonstrated its  
high tractive and steaming power in  
hauling heavy loads.

Where the passenger coaches and  
freight cars will be built has not been  
announced. All West Milwaukee the  
company has a car shop capable of  
turning out fifteen cars of the most  
modern type every twenty-four hours.

Many of the cars may be erected in  
Milwaukee, although the need for ad-  
ditional rolling stock to take care of  
the increase of business with the  
opening of the coast extension is so  
urgent as to result probably in con-  
tracts being let for the completion of  
part of the cars by other companies  
if they can demonstrate that they can  
make early deliveries.

With the new equipment delivered  
during the past year and with the  
equipment now being contracted for,  
the Milwaukee road will have suffi-  
cient rolling stock to take care of the  
demands made upon it for traffic ser-  
vice, officials of the company declare.

During the past three months there  
has been no little criticism of the  
Milwaukee road and the subsidiary  
company operating the road, and the  
reason for failure to handle freight

While one of the sisters played Chopin's funeral march, all three drank poison. They left letters saying they were tired of life. Fifteen other suicides, mostly girls, were reported to the police. One day recently 20 suicides were reported.

#### EATING WHAT YOU LIKE.

"You can eat what you like when you like, if you take—," says a sign in a drug store window. And you can mortgage your house and retire from active business—which is not denying the availability of a mortgage loan nor of drugs, on occasion. The temptation to "eat what you like" is more serious than the temptation to spend money before earning it. To like what you eat is a prime condition of good digestion, but to eat according to the dictates of an abnormal appetite is to court sickness and premature decay. A suitable dietary should be determined upon and followed, with only occasional variation, if any. To be able to eat anything without apparent injury—apparent injury, I say—is an indication of superior hereditary endowment which should not be squandered in youth or vigorous manhood, "lest the evil days come when thou shalt say, I have no pleasure in them," but so husbanded, while even enjoying the creature pleasures fully, legitimately, "that thy days may be long in the land," and useful and peaceful to the last.

#### Remarkable Trained Pigs.

One of the novelties of the vaudeville stage in Europe is a drove—six in number—of performing pigs. "They have been seen in various places on the grand circuit," says a Berlin paper, "and since their arrival in this city have been much spoken about. Of course they are American, and the man who drives the six animals harnessed to a miniature racing wagon is also an American. We have seen the miniature hog in barrels and the miniature pig in a cage, but the animal never before interested us as much as do these, because of their remarkable training."

## J. J. HILL SOUNDS A BIG ALARM

RAIL MAGNATE DECLARES EX-  
TRAVAGANCE IS CAUSE  
OF HIGH PRICES.

### CURE IS SEEN IN ECONOMY

Shows Increase of Debt and Public Ex-  
penses Far Outstrip Growth of  
Country—Wage Rate Is Greatest  
Factor in Situation.

St. Paul, Minn., Mar. 18.—At the Minnesota conservation congress the leading speaker was J. J. Hill, chairman of the Great Northern railway. Hereafter Mr. Hill has preached conservation of resources and rotation of crops, and has denounced extravagant waste of soil fertility until all farmers of the northwest are familiar with his views. He spoke to the congress of the "world-wide financial delirium." He urged the saving of the wealth of the country, its credit, and capital, from the predatory poor as well as from the predatory rich, and, above all, from the predatory politicians.

Among the other things he said: "We are living in an age of world-wide financial delirium. Most nations have thrown away moderation in the spending of money."

"The potential dangers of credit are great."

"Our national debt now tends to rise, concealed under the polite fiction of certificates of indebtedness to cover treasury deficits."

**Causes for High Prices.**

"The increase in the cost of living is charged by Mr. Hill to several causes, among them higher taxes, currency inflation, the tariff, combinations in restraint of trade, the decline in agricultural produce and a general tendency to extravagance and luxury. He continued:

"The modern theory that you can safely tax the wealthy is just as oxenious as the medieval theory that you can safely oppress or kill the poor."

Referring to the plundering of the rich for the benefit of the masses, which led to the fall of Athens, Rome and Spain, he says:

"So it will be with us, unless we are wise enough to avoid the heavy taxes, on which are plainly inscribed the legends and the warnings of the nations that made shipwreck there."

**Must Conserve Country's Wealth.**

"We must save the wealth of the country, its capital, its credit, from the predatory poor as well as from the predatory rich, and, above all, from the predatory politicians."

"Expenditures must be cut down all along the line."

"Credit everywhere should be conserved by a sharp scrutiny of new bond issues."

"Stop grafting, the offspring of public extravagance and the parent of civic decay."

**Howard Elliott in the Chair.**

Howard Elliott, president of the Northern Pacific railway, presided at the session of the congress.

The general subject of the session was agricultural development in Minnesota. The other speakers were Prof. E. V. Robinson, of the University of Minnesota, who spoke on "The Farm Wealth of Minnesota," and Prof. A. E. Chamberlain, superintendent of the Farmers' Institute of South Dakota, whose subject was "Agriculture—A Science and a Competitive Business."

**D. A. R. PRESIDENT TO BE SUEED.**

Clerk Discharged for Insubordination Will Start Slander Case.

Washington, Mar. 18.—According to close friends of Miss Agnes P. Gerald, the D. A. R. clerk who was discharged for alleged "insubordination" by Mrs. Matthew T. Scott, the president general, Miss Gerald will soon institute suit for slander against Mrs. Scott and sue for damages of \$200,000.

It is said that if Mrs. Scott withdraws the charge of insubordination Miss Gerald will allow the matter to drop and not start the suit.

Mrs. Scott is preserving a dignified silence and has engaged legal counsel to look after her interests.

As Mrs. Scott is a woman of great wealth, her fortune being estimated at \$7,000,000, the slander suit will probably be a long contested. Meanwhile, it is said, that the matter will be thoroughly thrashed out in the continental congress of the D. A. R., which meets here in April.

**CONFER ON RAIL AMENDMENTS.**

Attacks on Taft Bill Brings Consideration for Opponents.

Washington, Mar. 18.—The debate on the railroad bill in the senate indicates that upon Senator Aldrich, rather than Senator Elkins, chairman of the committee that reported the bill, must come the chief defense of that measure.

The attacks upon the bill have been so severe that after adjournment Senators Aldrich, Hale, Carter, Flint, Sutherland, Crane, Elkins and Root held a conference in Aldrich's room to consider certain amendments to satisfy the opposition to the bill in its present shape.

**Black Hand Charged with Murder.**

Chicago, Mar. 18.—Another mysterious murder in the Italian quarter, apparently for revenge, was recorded when Carmelo Caprio, an Italian grocer, 37 years old, was found dead with a stiletto driven to the left side of his neck and with numerous wounds about his body. The murderer, also said to have been an Italian, was seen running from the store.

## TAFT SAYS RAILROADS MUST OBEY THE LAW

President Tells Mass Meeting Pinchot and Roosevelt "Deserve the Credit."

Chicago, Mar. 18.—Speaking before the Chicago Traffic club at one of the St. Patrick's Day's reception tendered him in this city, President Taft turned his attention to the railroads. His speech was in acknowledgement of the honor conferred upon him of making him a member of the club.

He said in part: "I am against railroads only when they violate the law. But every man must have his day in court. I would be a coward if I did not consider every interest affected before passing upon legislation. I am not afraid of the people of the United States. They are fair when you can get the facts before them. But sometimes it is difficult to do this."

"It seems to be in the minds of some gentlemen in responsibility that the people who are to be consulted are not those directly affected. That if in the recommendation of legislation affecting railroads, you venture to consult railroad men that it is enough to condemn all the legislation which you recommend."

"Thus was in this country when it was most difficult for any railroad man to conduct his business within the law, and so that the law shall be fair, but so that he shall be made to feel the penalty of the law when he steps outside of it."

"I believe there is a course, and I believe there is legislation that we may have that can bring that about, and I hope that I may be always able, no matter what the result to me, to do justice between the great interests of this country—the people, the shippers and the railroads; that business may go on, that we shall all be within the law and that every man shall see that it is to his ultimate advantage to uphold that law and preserve it and make it inviolate."

In his speech on "Conservation of National Resources" before an audience of 5,000 persons at the Auditorium theater President Taft made but one indirect reference to the Halling-er-Pinchot controversy, and that was when he said that President Roosevelt "was inspired to give that wonderful activity of mind and body to this movement by Gifford Pinchot."

At the mention of the deposed forester's name the audience broke into cheers, and when the applause had subsided the president said:

"I am in favor of giving credit where credit belongs—and of withholding it where it does not belong."

**CRIPPLES THROW AWAY CANES.**

Divine Healer Is Said to Have Effected Many Cures.

Don Molinas, Ia., Mar. 18.—Pitiful wrecks of humanity threw aside their canes and crutches, which they had leaned upon for support for years and walked shouting down the aisles of the big auditorium where the state Divine healers' convention was held. The sick were healed, and men who had become mental wrecks from liquor and drugs were cured through the mysterious influence of E. E. Yokum of Los Angeles. "Come up and be healed, you backsliders!" shouted Mr. Yokum. One after another they hobbled to the platform. The healer announced each with a liquid from a little bottle, and said a prayer. "Now you are healed," he said. "Throw away your canes and crutches."

With looks of amazement on their faces, the afflicted men arose and walked back to their seats, while a perfect chorus of amens arose.

**HEAR HEADS OF MEAT PACKERS.**

Tells Senators Association Has Nothing to Do with Prices.

Washington, Mar. 18.—That the American Meat Packers' association has no connection with the regulating of meat prices was the declaration of President Charles Itohe of that association before the senate committee that is investigating high prices.

"You don't expect the public to believe that?" snapped Senator Clarke of Arkansas.

The witness made no direct answer. Mr. Itohe said the organization consisted of about 250 packers, including Armour, Swift, Nelson Morris & Co. and Cudahy, and that it represented about ninety per cent. of the meat production of the country.

**MABRAY CASE ARGUMENT BEGIN.**

Council Bluffs, Ia., Mar. 18.—The government rested its case against J. C. Mabray, and associates, charged with the fraudulent use of the mails, and the defense placed two of its witnesses on the stand in an effort at proving that William Powell of Los Angeles, was not implicated in the swindles. The defendant's case will go to the jury without offering one word in favor of any of the 11 men who are being tried. The case was argued today, and will reach the jury probably Saturday noon.

## THE TAX CASE BEING ARGUED

ORATORICAL BATTLE BEFORE  
SUPREME COURT ON CORPORATE  
TAX MEASURE.

### FIFTEEN CASES ON DOCKET

Tests Made by Stockholders on the  
Legality of the Levy on Earnings  
Under the New Statute—Bowers  
Presents Argument for Government.

Washington, Mar. 18.—The United States supreme court listened to arguments on the constitutionality of the corporation tax provision of the Payne-Aldrich tariff act. One more day's argument will follow and then the court will take the cases under advisement.

Lawyers from various parts of the country took part in the argument. They were connected with the fifteen cases in which the validity of the tax is attacked and which had been consolidated into one for the purpose of the hearing. In each of these suits stockholders or policyholders had brought action to prevent corporations from paying the tax. Without exception the lower courts held the tax unconstitutional and dismissed the suits.

**Declares Act Unconstitutional.**

Maxwell Evans, of New York, opened the argument. He declared the tax unconstitutional, because, he declared, it interfered with the powers of the state by taxing a franchise. He asserted that it was arbitrary and oppressive, and that its publicity clause took private property for public use without compensation. Ex-Senator Foraker, of Ohio, and Richard V. Lindabury of New York, addressed the court on general features of the law, holding it invalid.

Solicitor General Bowers asserted that the tax was levied on the "carrying on or doing business," and was merely measured by, and was not on, "net income." He argued that the legislators never would have selected that income as a measure if the tax was to be on property.

**ELECTRICAL WORKERS IN RIOT.**

Two Men Are Shot, Sixteen Others Hurt in Factional Fight.

Chicago, Mar. 18.—In a wild scene of disorder at the meeting of Electrical Workers' union two men were shot, one probably fatally, and 16 received scalp wounds and were badly bruised.

Revolvers were drawn and a duel was fought between the two heads of the union. Richard Shields, financial secretary of the union, was shot through the body by a bullet fired by Ray C. McElheny, president of the union.

Lying on the floor, Shields emptied his revolver at McElheny, but none of the shots took effect. John F. Cleary was struck by a stray bullet fired by the wounded man when he attempted to disarm McElheny.

Before the smoke of the revolvers cleared away, the 150 members of the union who were in attendance at the session were fighting each other like madmen. The two factions were armed with blackjacks, clubs and chairs. They fought for a full half hour until both sides were exhausted.

**U. S. MINISTER IS ATTACKED.**

Insane Man Assaults Horace G. Knowles in Santo Domingo Street.

Washington, Mar. 18.—Horace G. Knowles, of Delaware, the minister of the United States to the republic of San Domingo, was assaulted while riding in a vehicle in the public highway of Santo Domingo last Sunday.

The incident has just been reported by the American legation to the state department.

The assailant was a man named Castillo, a brother of the governor of the province.

Castillo, who was arrested, is said to be mentally deranged.

The Dominican government has expressed to Minister Knowles its regret at the incident.

**FORMER ST. LOUIS MAYOR DIES.**

Henry Ziegenhein of "Moon Yet" Fame Stricken with Apoplexy.

St. Louis, Mar. 18.—Henry Ziegenhein, former mayor of St. Louis, who made the famous remark: "We got a moon yet, didn't we?" during his administration in refusing a petition that the streets be lighted, dropped dead on the street from apoplexy.

He was 65 years old, president of the Lafayette bank, and was rated a millionaire.

He was mayor from 1897 to 1901. During his administration seven members of the municipal assembly took part in legislative transactions that afterward sent them to the penitentiary.

**THREATEN STATE-WIDE STRIKE.**

Little Effort Is Put Forth to Bring Peace in Car War.

Philadelphia, Mar. 18.—Peace negotiations in the street car strike are still dragging wearily along. Transit officials are making but weak efforts to settle the trouble, while the union men announce that unless peace is reached by Monday the state-wide strike will be declared.

**Soldiers to Be Incarcerated.**

St. Paul, Minn., Mar. 18.—Sixty-five soldiers at Fort Snelling have volunteered to submit to antityphoid inoculation, and the treatment will be administered within the next ten days by Col. W. D. Ballinger, in charge of the medical department at the post.

**Helps Some.**

Conscience keeps some men good and lack of opportunity also helps the general average some. — Atchison Globe.

A Paralytic Forgiven and Healed.  
Matt. ix:1-13.

Golden Text.—The Son of Man hath power on earth to forgive sins. Matt. ix:1.

(1) From what place did Jesus sail, and where was his destination?

(2) Verse 2.—Of how much avail is the faith of one man in behalf of another?

(3) Can you express an opinion, based on experience, and stating the facts, as to whether one man's faith may be the means of the salvation of another man? (This question may have to be answered in writing by members of the club.)

(4) What was the nature of palsy, the disease from which this man suffered?

(5) Verses 3-4.—Why was it well for the scribe to doubt the authority of Jesus to forgive sin?

(6) Why is a man guilty for sinners doubt, when the doubt is a result of a sinful life?

(7) Did Jesus always know all the thoughts of all men, in the same way that God does, or did he only know their thoughts through their actions, and from his general knowledge of human nature just like other men who can readily read men?

(8) Verse 5.—Which was the more difficult, to pronounce the forgiveness of the man's sin, or to cure him of his disease?

(9) Was it God, or the man Jesus, that forgave this man his sin, and has every other holy man got authority to pronounce when a man's sins are forgiven?

(10) Verses 6-7.—How did the cure of this sick man demonstrate that Jesus had power to forgive sin?

(11) In what way are the miracles of Jesus a demonstration of the claims of Jesus, and of the truth as taught by him?

(12) Why was Jesus' life from start to finish filled with miracles, and does God mean miracles to continue to this age, or does he propose to carry on the world now by law?

(13) Verse 8.—Mention some of the phenomena of the laws of God, in matter and mind, and compare them with Bible miracles and say which is the more wonderful?

(14) In an intelligent age and to thinking men which demonstrates the existence, the power, the wisdom and love of God most convincingly, law or miracle? Why?

(15) Verse 9.—Matthew was busy at his post when Jesus called him, can you mention any whom Jesus called to be his apostles, who were idlers, or were not busy men?

(16) Why is it impossible for a lazy man to be a true Christian?

(17) Did Matthew seek Jesus first, or was it Jesus who first sought Matthew, and what is the rule as to the initiative, with most, or all persons, who become Christians?

(18) Verse 10.—In whose house was Jesus eating with these publicans and sinners? (See Mark ii:14-16. Luke vi:27-29.)

(19) When Matthew became a disciple, he invited Jesus and the Apostles and his late business associates, the publicans and sinners, to a feast, what was probably his motive, and what suggestions are there in the incident for us?

(20) Verses 11-13.—Would it be better today, and why, if earnest Christians sought the company of unconverted people more than they do?

(21) A clerk man is of more interest to a physician than a well man, so a sinner is of more interest to Jesus than a saint. State why this is so.

# UNITED CIGARS

The United Cigar Stores wouldn't last six months in this country without a sound reason for their existence.

We know that we must always give more for the money than anyone else—that's the "United Idea"—that's the only way chain store concerns can succeed—if they don't do that they fail.

You see chain store concerns succeeding in many lines of business; the reason is simply that they bring the consumer right up to the manufacturer and give him more for his money than he can get any other way—Remember That!

**Better cigars for your money is what the United Cigar Stores mean to you—Remember That!**

The United Stores retail over 300,000,000 cigars a year at wholesale prices—a million cigars a day. The output of several large factories, goes over our counters directly to the smoker at an immense saving to him. Our customers get one-third more from us,—cigars at least one-third better—that's why there are hundreds of successful United Stores constantly increasing in volume and number. We have found that merit always wins.

We want you to try our cigars. Whether you buy one cigar or a box you buy at the thousand price—Remember That!

Here are a few illustrations:

**La Tunita Princessas  
Benefactor Superiors  
Palma de Cuba Bouquets**

at 5c each

These are actually \$50.00 per thousand cigars at wholesale. Try them and compare them with cigars you've always paid 3 for 25c for elsewhere.

Another good way to test our cigar values is to try our

**Grumbler Perfecto (mild)  
Santa Bana Perfecto (medium)**

at 3c each

You will find them identical with the advertised staple brands of 5c cigars, wholesaling at \$30.00 per thousand—our price to you exactly.

We also sell a solid Havana filled, genuine Sumatra wrapped, hand-made, invincible size cigar (wholesale price \$60.00 per thousand) for 6c each—try them. Remember the name—

**Benefactor Invincibles—6c each**

Same price by the box.

We sell a cigar at 3 for 25c that many of our customers claim is better than they can buy elsewhere at 2 for 25c. It is called

**Ricoro Cabinet—3 for 25c**

Same price by the box.

We have all kinds of cigars which we retail at wholesale prices from 2c each to 20c each, and in addition we aim to carry in each city all brands having a local reputation for quality so that smokers can buy anything they wish from us and save money.

Besides big values and cut prices our profit-sharing plan saves you money on everything you buy—

## FORTY YEARS AGO

Janesville Daily Gazette, March 18, 1870.—Jottings.—St. Patrick's Day, in the morning and afternoon too, for that matter—passed off quietly in this city yesterday.

The Equal Rights Association held its final session last evening, Miss Peckham, the newly elected President.

presiding. Mrs. Orlin Guernsey read a poem at the opening exercises, which was very well received by the audience. She was followed by Miss Peckham who spoke fluently and well. It is understood that Hon. L. C. Sloan and John B. Bennett, Esq., are candidates for the new Circuit Judge's ship.

## News From the Suburbs

**EVANSVILLE.**  
Evansville, March 17.—Homer Porter is receiving a shower of postal cards and flowers today in honor of the eightieth anniversary of his birth. Charles Day, Robert Antes, Lloyd Wilder, Wesley Langmuir, Herbert Milligan, Charley Baum and some others are planning to go to Evansville Saturday to attend a large institute which will be held in the Y. M. C. A. of that city. See O. B. Anderson with accompanying them.

Word was received here last evening of the death of Fred Truel, who died very suddenly yesterday at his home near Dayton. He was enjoying his usual good health and was at the table writing when he was stricken with heart disease, and passed away almost instantly. Mrs. Truel was formerly Miss Anna Peterson of this city and many friends here sympathize with her in her great bereavement. Mr. Truel had conducted a blacksmith shop at Brooklyn until about two weeks ago when they moved to their present home. The funeral services will be held Saturday afternoon at the Methodist church in that place. Rev. H. J. Kolthoff of that city will conduct the services assisted by Rev. O'Brien of Brooklyn.

Richard Thurman and family and Mrs. Thurman's mother, Mrs. Noll-Thurman are planning to leave about the first of April for Everett, Washington, where they go to make their future home.

Mr. and Mrs. R. M. Richmond and Mrs. Isaac Shumway were in Madison yesterday to attend the funeral of Mr. Richmond's Aunt, Mrs. John Crawford.

Prof. and Mrs. Gaddis and Prof. Lively of the Seminary, will speak in the Methodist church next Sunday evening and give an account of their trip to the Rochester convention.

Mrs. Charles Moore and daughter, Ethel, go to Madison tomorrow to spend a week with Mrs. Moore's sister, Mrs. H. B. Hillings.

Rev. Ellen A. Copp will address the meeting at the Y. M. C. A. next Sunday afternoon.

Mr. and Mrs. W. Walker of Stoughton have taken rooms at the Central Hotel and expect to remain in Evansville for some time. Mr. Walker has rented the Myatt building on N. Madison St. and has put in nearly a carload of machinery.

### SOUTH LA PRAIRIE.

South La Prairie, March 17.—A meeting was held at the La Prairie M. E. church Wednesday afternoon, for the purpose of organizing a Ladies' Aid society. Light refreshments were served and the following officers were elected: President, Miss E. Duffey; vice president, Mrs. Morton; secretary, Mrs. N. C. Howard; treasurer, Mrs. H. H. Walter.

The clay pigeon shoot held at W. W. Day's last Friday was well attended. Jacob Beck carried off first honors.

E. Smith transacted business in Janesville on Wednesday.

Mrs. Wm. Dunn of Clinton attended the Ladies club at H. H. Walter's last week.

Miss Koopke is confined to her home with illness.

Mr. and Mrs. G. M. Gifford were Janesville callers Tuesday.

There will be an "Easter Egg" social at the M. E. church on Wednesday evening, March 23. Every woman and girl is requested to bring two Easter eggs just alike.

A jolly crowd of young people took possession of F. Coen's home on Wednesday evening. The affair was a surprise on Mr. Coen who is soon to depart for Dakota. The party was a very enjoyable one.

### PLYMOUTH.

Plymouth, March 17.—The Misses Maude and Zelma Homan of Aston, were the guests of Mrs. Laura Hendon on Saturday and Sunday.

Miss Ruth Hurley will assist Mrs. Alex. McIntosh with her housework this summer.

Mr. and Mrs. Andrew Rhinholmer and sons entertained the Misses Marie Hendrickson and Lois Rummage of La Prairie from Friday until Sunday.

Mr. and Mrs. Mitt Hendon and sons left for Footville, Monday, for a short visit with relatives before their departure.

## DYSPEPSIA, GAS, HEARTBURN AND ALL STOMACH DISTRESS VANISHES

A little Dipepsin makes your out-of-order stomach feel fine in five minutes.

The question as to how long you are going to continue to suffer from indigestion, dyspepsia, or out-of-order stomach is merely a matter of how soon you begin taking some Dipepsin. Your stomach is lacking in digestive power, why not help the stomach to do its work not with drastic drugs, but a reinforcement of digestive agents, such as are naturally at work in the stomach.

People with weak stomachs should take a little Dipepsin occasionally, and there will be no more indigestion, no feeling like a lump of lead in the

stomach, no heartburn, sour risings, gas on stomach or belching of undigested food, headachos, dizziness or sick stomach, and besides, what you eat will not ferment and poison your system with noxious odors. All these symptoms resulting from a sour, out-of-order stomach and dyspepsia are generally relieved five minutes after taking a little Dipepsin.

Go to your drugstore and get a 50-cent case of Dipepsin now, and you will always go to the table with a hearty appetite, and what you eat will taste good, because your stomach and intestines will be clean and fresh, and you will know there are no poisons in any more bad nights and miserable days for you. They freshen you and make you feel like life is worth living.

## ROOSEVELT FAMILY

### LEAVE FOR NORTH

Takes Special Train Out of Kharium After Three Days of Sighting.

Kharium, Mar. 18.—After three days of sighting and entertainment in and about Kharium, former President Theodore Roosevelt, accompanied by Mrs. Roosevelt and their son Kermit and daughter Ethel, left here on a special train on their way to Cairo.

Col. Roosevelt gathered the remaining members of his African expedition around him at a lunch in the palace and there were many exchanges of friendship before farewells were said. The guests included Sir Alfred Pease, who was Col. Roosevelt's first host in Africa; Clayton Bey of the Sudan's staff, and Capt. Meredith of the steamship Dal, on which the party voyaged from Gondokoro.

The expedition tried to make the affair as lively as possible, but he was considerably moved when it came to shaking hands with those whom he is not likely to see again for a long time.

After an inspection of the mission, under the guidance of Bishop Gwynne, Col. Roosevelt attended a reception at the Grand hotel, where he again met the officials of Kharium.

The band of the Twelfth Soudanese Infantry played a special program of native music, which is peculiarly weird and inspiring, for the benefit of Col. Roosevelt. Later a group of native women gave an exhibition of dances peculiar to the Soudanese.

**SAYS GAYNOR REAL REFORMER.**  
Jurist Calls Attempt to Reorganize Republicans "Humbuggery."

Troy, N. Y., Mar. 18.—Recent attempts to reorganize the Republican party in New York state was humbuggery; the Alldredge investigation at Albany is an expensive and almost useless undertaking for which "50 cents worth of whitewash" would be a suitable substitute; and William J. Gaynor, mayor of New York, is a real reformer with a purpose.

These views were expressed in a speech here last night by W. O. Howard, a state supreme court justice and a Republican.

Professional reformers, the justice denounced as "vapid, sapless, spineless, chintzy, sexless beings, sprung from no race and owned by no race."

Colored Fighter Puts His Opponent to Floor in Eighth Round.

Los Angeles, Cal., Mar. 18.—Sam Langford, the colored fighter, knocked out Jim Flynn in the eighth round of their scheduled 45-round contest in Jetties pavilion at Vernon.

Although Flynn put up a game fight in every round the black man showed his superiority over his white antagonist in all stages of the game.

In the eighth Langford delivered a fierce right uppercut to Flynn's chin and the latter dropped to his face and was counted out. He however was on his feet in 12 seconds but was in a dazed condition.

## MINERS AND OPERATORS

### HAVE COMPROMISE PLAN

Situation at Cincinnati is Tense—Men Enthusiastically Talk Strike.

Cincinnati, Mar. 18.—Both operators and miners are to-day considering a compromise measure which it is hoped will prevent a strike of the United Mine Workers. It is believed by many that this plan alone will avert the greatest industrial walkout the country has ever seen.

It is pointed out that if the miners strike, they will take not only the 250,000 members of the union, but enough non-union workmen and affiliated unionists to bring the number of strikers up to a full half million. The miners are enthusiastic in their talk for a strike, as they say that this is the only way they can bring the operators to grant higher wages.

The operators say that they will not accede to a compromise and that the talk now going the rounds of the miners is but a sign that the workmen are weakening. However, the miners, on the other hand, say that the longer they remain in conference with the operators, the stronger grow their chances for higher wages.
